The prices shown in this statement are preliminary estimates of the price at which we would purchase (bid) or sell (offer) the relevant instruments in a round lot as at the date indicated (commonly referred to as "indicative price quotations"). These indicative price quotations are provided in good faith using our standard methodology for quotations of this kind. That methodology relies on proprietary models, empirical data and assumptions that we believe to be accurate and reasonable. UBS Group makes, however, no representation as to the accuracy, completeness or appropriateness of such methodology. In preparing these indicative price quotations, we have taken into account such factors as we deem appropriate (including, but not limited to, profit, credit risk, and bid-ask spreads). These indicative price quotations have been prepared as of a particular date and time and will therefore not reflect subsequent changes in market values or prices or in any other factors relevant to their determination.

Our providing this information is not intended to suggest that any transactions have or will take place at these prices. These indicative price quotations do not constitute firm bids or offers or any other solicitation to conclude a transaction at the level stated, are not recommendations to purchase or sell any instrument, and should not be treated as the giving of investment advice by UBS Group. You should also note that any request for firm, currently tradable bid or offer prices may result in different prices to reflect such factors as hedging and transaction costs, credit considerations, and market liquidity.

Any transaction between you and UBS Group will be subject to agreement on the actual price at which such transaction will be concluded as well as such additional terms as are agreed at the time of the transaction and set out in the detailed provisions of the term sheet or confirmation relating to that transaction. Prior to entering into any transaction with us, you should consult with your own legal, regulatory, tax, business, investment, financial and accounting advisers to the extent that you deem it necessary, and make your own investment, hedging and trading decisions (including decisions regarding the suitability of the transaction) based upon your own judgment and advice from such advisers as you deem necessary and not upon any view expressed by UBS Group.
