The Issuer does not have an Australian Financial Services Licence. The issue of this PDS in Australia is arranged by UBS Securities Australia Limited (ABN 62 008 586 481, AFSL 231098) ("Arranger") pursuant to an intermediary authorisation for the purposes of section 91A(2)(b) of the *Corporations Act 2001* (Cth) ("Corporations Act"). Your Decision to Invest

This PDS is an important document which should be read before making a decision to acquire Units*. A document of this kind cannot take into account your investment objectives, financial situation or particular needs. Accordingly, nothing in this PDS is a recommendation by the Issuer or its related entities or by any other person concerning investment in UBS Callable Goals. You should not only consider the information in this PDS but also obtain independent financial and taxation advice as to the suitability of an investment in UBS Callable Goals for you (bearing in mind your investment objectives, financial situation and particular needs). No cooling off rights apply to investments in UBS Callable Goals.

Applications

This PDS is available in paper form and in electronic form from the Issuer's website at www.ubs.com/equitysolutions. If you wish to invest in the Units, you must complete an Application Form attached to this PDS and return it to your Financial Adviser. The Units will only be issued to you upon receipt and acceptance of an Application Form which is attached to this PDS. For Application Forms and instructions on how to apply for Units, refer to the "How to Invest and Sell Back" section. The Delivery Asset

The Delivery Asset you will receive on Maturity will be fully paid ordinary shares in BHP Billiton Ltd. At Maturity you may elect to dispose of the Delivery Asset by utilising the Agency Sale Arrangement as described in the PDS. References in this PDS to the Delivery Asset are included solely for the purposes of identification of the underlying Delivery Asset to which UBS Callable Goals relates. BHP Billiton Ltd and the ASX have not authorised, and have not been involved in the preparation of, or caused the issue of, this PDS. BHP Billiton Ltd and the ASX do not take any responsibility for any part of this PDS.

Restrictions on Distribution of the PDS

This PDS is only available from the Issuer, your Approved Adviser Group, your Financial Adviser or any other financial advisory business in Australia as approved by the Issuer for the distribution of Units. This PDS does not constitute an offer of Units or the Delivery Asset in any place in which, or to any person to whom, it would not be lawful to make such an offer. The distribution of this PDS in jurisdictions outside Australia may be restricted by law and any person who resides outside Australia into whose possession this PDS comes (including nominees, trustees or custodians) should seek advice on and observe those restrictions. Failure to comply with the relevant restrictions may violate those laws. Units may not be offered or sold in the United States of America ("US") or to, or for the account of or benefit of, US persons. Accordingly neither this PDS nor the Application Form may be sent to persons in the US or otherwise distributed in the US.

Disclosure of Interests

The Issuer and its related entities, and their directors and employees may have pecuniary or other interests in the Delivery Asset. Customers who have received this PDS from a financial intermediary, adviser or broker should be aware that if you invest in UBS Callable Goals, the Issuer or its Affiliates, where permitted by law and where authorised by an Investor, may collect from that Investor an upfront Adviser Group Fee and pay it to the Investor's financial intermediary/adviser/broker. The Adviser Group Fee is between 0% and 4.00% (inclusive of GST) of the Total Payment Amount that you pay for the issue of Units.

Section 1—Product Overview

An investment linked to the performance of a basket of US shares for 3 years, offering quarterly Periodic Payments, a quarterly early call feature after the first year and potential exposure to downward price movements of the lowest performing share.

Please note there is NO capital or principal protection of the Total Investment Amount in this product.

Each investment is a Deferred Purchase Agreement entered into by the Issuer and the Investor (“UBS Callable Goals” or “Units”). The value of Units in each Series is linked to the performance of a basket of four US shares. The following is a summary of the Terms of these Units as well as a discussion of factors you should consider before purchasing Units. The information in this section is qualified in its entirety by the more detailed explanations set out elsewhere in this PDS and in the Deferred Purchase Agreement set out on page 48 of this PDS.

There are separate AUD and USD Series of Units offered under this PDS with differences as follows:

- 1) AUD Series 52 - applicants apply in Australian dollars and all subsequent payments are made in Australian dollars.
- 2) USD Series 52 - applicants apply in US dollars and all subsequent payments are made in US dollars.

Throughout this PDS, where a reference is specifically to Australian dollars, it will be denoted A\$. Where a reference is specifically to US dollars, it will be denoted US\$. Where the reference applies equally to A\$ or US\$, it will simply be denoted \$.

Summary of the Product

The Units are an investment with a maximum term of 3 years that provide a fixed quarterly Periodic Payment in addition to potential downside exposure and an early call feature linked to the performance of a basket of four US shares (the “Component Shares”).

The return on investment is comprised of the Periodic Payments and the Final Value of the Units (the value of which is dependent on whether a Kick-In Event occurs). The Units also have an early call feature as described below. As a holder of the Units, your exposure to the Component Shares up to the Maturity Date is akin to a derivative exposure and you will not have any rights that holders of the Component Shares may have.

The Component Shares are as follows:

Component Share	Bloomberg Code	Description
American Express Company	AXP UN	American Express Company is a global payment and travel company. The company's principal products and services are charge and credit payment card products and travel-related services offered to consumers and businesses around the world. Wells Fargo & Company	WFC UN	Wells Fargo & Company is a diversified financial services company providing banking, insurance, investments, mortgage, leasing, credit cards, and consumer finance. The company operates through physical stores, the Internet and other distribution channels across North America and elsewhere internationally. For more information please go to www.wellsfargo.com
The Coca-Cola Company	KO UN	The Coca-Cola Company manufactures, markets, and distributes soft drink concentrates and syrups. The company also distributes and markets juice and juice-drink products. Coca-Cola distributes its products to retailers and wholesalers in the United States and internationally. For more information please go to www.thecoca-colacompany.com

The four Component Shares together comprise the Reference Basket on the Strike Date. You can obtain price information for the Component Shares by referring to the websites listed above, or by contacting your Financial Adviser.

Periodic Payment

Each Unit will pay a fixed Periodic Payment on each quarterly Periodic Payment Date. The total Periodic Payments received by an Investor on any Periodic Payment Date will be calculated as follows:

Total Periodic Payments = Periodic Payment Amount per Unit x number of Units held

The Periodic Payment Amount will be set on the Strike Date. As an indication, if the product had been issued at the date of this PDS, the Periodic Payment Amount would have been the amount specified in the table below for each Series. If the Periodic Payment Amount cannot be set to at least the Minimum Periodic Payment Amount as specified in the table below for each Series, the issue of Units for that Series will not proceed and the Issuer will return application monies received to Investors without interest within 5 Business Days of the scheduled Issue Date.

Series	per Unit per quarter	
	Periodic Payment Amount at date of PDS	Minimum Periodic Payment Amount
AUD Series 52	A\$0.02	A\$0.02
USD Series 52	US\$0.0175	US\$0.0175

On an annual basis, the total Periodic Payments per Unit would be as follows (although please note that the Investment Term is 3 years):

Series	per Unit per annum	
	Periodic Payment Amount at date of PDS	Minimum Periodic Payment Amount
AUD Series 52	A\$0.08	A\$0.08
USD Series 52	US\$0.07	US\$0.07

The Periodic Payment Amount is dependent on a number of factors. The main factors and the relationship between them (assuming all other factors are constant) and their effect on the Periodic Payment Amount can be summarised generally as follows:

Variable	Change in variable	Change in Periodic Payment Amount
Australian interest rates (AUD Series only)	↑	↑
US interest rates (USD Series only)	↑	↑
The Issuer's Credit Margin (which will also be affected by the creditworthiness of UBS AG)	↑	↑
Component Share dividend yield	↑	↑
Component Share price	↑	↓
Component Share price volatility	↑	↑
Correlation between price movements of the Component Shares	↑	↓

If you invest during the Initial Offer Period, you will be notified of the actual Periodic Payment Amount in your Confirmation Notice. The Issuer will also issue a Supplementary PDS after the Initial Offer Period closes to notify Investors who invest during the General Offer Period of the actual Periodic Payment Amount applicable to their investment.

Final Value

The Final Value of your Units will depend upon whether or not a Kick-In Event occurs, which is determined by the performance of the Component Shares in the Reference Basket.

If no Kick-In Event occurs on the Final Maturity Date, the Final Value of your Units will be equal to \$1.00 per Unit. If a Kick-In Event does occur on the Final Maturity Date, the Final Value of your Units will be adjusted so that you will be exposed to the negative performance of the lowest performing Component Share at Maturity.

A Kick-In Event occurs when the Closing Price of one or more of the Component Shares is at or below its Kick-In Price on the Final Maturity Date. The Kick-In Price for each Component Share will be set on the Strike Date at 65% of the Starting Price for that Component Share. If a Kick-In Event occurs, then you will be exposed to the negative performance of the lowest performing Component Share at Maturity. This will occur through the calculation of the Final Value of your Units. If a Kick-In Event occurs, instead of the Final Value equalling \$1.00 per Unit at Maturity, it will only be a portion of \$1.00 per Unit to reflect the negative performance of the lowest performing Component Share at Maturity and may therefore be less than the Issue Price. **Importantly this also means that the Final Value will be zero if the Closing Price of the lowest performing Component Share has fallen 100% from the Strike Date to the Maturity Date.**

Note even if the prices for all of the Component Shares are equal to or above their Starting Prices on the Maturity Date the Final Value will equal \$1.00 per Unit at Maturity. That is, you will not participate in any positive performance of the Component Shares above their Starting Price. Hence the Final Value will never exceed \$1.00 per Unit but may be below it if a Kick-In Event has occurred.

If a Kick-In Event has not occurred, then the Final Value will be equal to \$1.00 per Unit, although Investors may have paid more or less than \$1.00 per Unit. In this way, the Final Value of the UBS Callable Goals Units are not impacted by a fall in the Closing Price of the Component Shares on the Final Maturity Date that is less than 35% of the Starting Price for Investors who hold those Units to Maturity. The Issuer will set the Starting Price for each Component Share on the Strike Date using the Closing Price of each Component Share on that date. The Issuer will notify you of the Kick-In Prices in your Confirmation Notice. Please note there is **NO capital or principal protection of the Total Investment Amount in this product**. Investors who want to invest in a product with that feature should not consider an investment in the Units.

At Maturity, your exposure to the Component Shares that comprise the Reference Basket ends. The Issuer will deliver the Delivery Parcel equal in value to the Final Value of all the Units comprising your investment (less Costs and Taxes, if any) on the Settlement Date. Following this, you will have exposure only to the Delivery Asset.

Early call feature

If the Closing Prices of **ALL** Component Shares on a Call Date are at or above their respective Call Prices (which are set at 100% of the respective Starting Prices), a Call Event will occur and the Units will mature at an Early Maturity Value of \$1.00 per Unit.

The Call Dates are listed on page 1. The first Call Date will be 2 May 2016 and subsequent Call Dates will occur quarterly from the first Call Date (but will not include the Final Maturity Date).

Your exposure to the Component Shares in the Reference Basket ends and your Units will mature if a Call Event occurs on a Call Date. This means that if a Call Event occurs on the first Call Date, the Units will mature as early as 1 year after the Issue Date. Following a Call Event, UBS will deliver the Delivery Parcel equal in value to the Early Maturity Value of all the Units comprising your investment (less Cost and Taxes, if any) on the Settlement Date and your investment will terminate on that date.

If a Call Event does not occur on any of the Call Dates and the Units have not otherwise been subject to an Early Maturity Event, the Units will terminate on the Final Maturity Date and the Final Value will be calculated as set out under "Final Value" above and will depend on whether or not a Kick-In Event has occurred.

What are the Total Payment Amount and the Total Investment Amount?

The Total Payment Amount is an amount nominated by you in your Application Form that you must pay to the Issuer prior to the issue of Units to you. The Total Payment Amount includes, where authorised by you in your Application Form, an amount on account of the Adviser Group Fee. The Adviser Group Fee is explained in the section entitled "Fees and Expenses" below.

The amount actually invested in the Units (your Total Investment Amount) will be the Total Payment Amount less any Adviser Group Fee you agree to pay your Approved Adviser Group.

The number of Units you purchase will be equal to your Total Investment Amount divided by the Purchase Price (rounded down to the nearest whole Unit). In the case of Applications in the Initial Offer Period, the Purchase Price of Units will be equal to the Issue Price specified in the Term Sheet. For Applications in the General Offer Period, the Purchase Price will be as determined by the Issuer on the day your Application is accepted.

Fees and Expenses

Where permitted by law and where specifically authorised by you in your Application Form, the Issuer may collect from you an amount in respect of any Adviser Group Fee and pay it to your Approved Adviser Group (as specified in your Application Form) on your behalf. Where authorised by you, the Approved Adviser Group may then hold the amount in respect of the Adviser Group Fee on trust and pay to your Financial Adviser all or such part of that amount as disclosed to you by your Financial Adviser in the statement of advice or financial services guide relevant to the financial services they provide to you in respect of the Units or as otherwise disclosed to you by your Financial Adviser.

If you authorise the payment of the Adviser Group Fee in your Application Form, it will be deducted from your Total Payment Amount. The maximum Adviser Group Fee that can be authorised by you is 4.00% of the Total Payment Amount (inclusive of GST). For example, if you agree to pay an Adviser Group Fee of 4.00% (inclusive of GST) and you invest a Total Payment Amount of \$100,000 on the Issue Date, the Issuer will pay \$4,000 of the Total Payment Amount it collects from you to your Approved Adviser Group. The remaining amount constitutes your Total Investment Amount (i.e. \$96,000) which will be used to purchase 100,000 Units at the Issue Price of \$0.96. As each Unit is a separate Deferred Purchase Agreement between you and the Issuer, you will have 100,000 separate Deferred Purchase Agreements.

The Issuer may earn income and profit from its management of the underlying risk associated with the Units, which does not impact the return Investors receive and is not charged as a fee. The calculation of the Final Value of Units is independent of any income earned by the Issuer.

The Issuer reserves the right to pass on to you any unforeseen Costs and Taxes in the calculation of the Delivery Parcel. At the date of this PDS, the Issuer is not aware of any Costs and Taxes payable.

Break Costs may arise in relation to Early Maturity (other than as a result of a Call Event) or an Issuer Buy-Back. Break Costs are a component of the calculation of the Buy-Back Price or Early Maturity Value (where no Call Event has occurred) and are not a separate charge levied by the Issuer. In practice, the Buy-Back Price will depend on the economic value that the Issuer achieves on the unwinding of any securities or derivatives it has in place to hedge its exposure under the Units and on the quantum of any Break Costs. The economic value that it achieves will be reliant on several factors including but not limited to the prices, dividend yield and volatility of the Component Shares, the correlation between price movements of the Component Shares, Australian interest rates, US interest rates and the Issuer's Credit Margin (which will also be affected by the creditworthiness of UBS AG). The actual size of the impact of these factors on the Buy-Back Price will vary and is not quantifiable at the time you acquire your Units, however, the general effect of each factor on Unit value has been provided for you in the table on page 25. The Issuer may also incur Break Costs when executing the early unwind, which are costs, expenses and losses suffered by the Issuer as a result of the early termination of the Deferred Purchase Agreement. Such amounts may include, but are not limited to costs incurred in terminating the Issuer's hedge positions (if any), taxes or fees paid that are non-recoverable, administrative costs of processing the early termination, or loss of profits on the terminated positions. These costs will vary over time and may be linked to the economic value that the Issuer achieves on the unwinding of its hedge positions so they cannot be determined with certainty at the time you acquire your Units. Break Costs could be significant and not in the Investor's favour.

Investors and their Financial Adviser can contact the Issuer and request an estimate of the Buy-Back Price that would apply to the buy-back of Units on an upcoming Weekly Pricing Date. The Issuer will provide an estimate of the Buy-Back Price (which will be net of any Break Costs) to Investors to enable them to determine the likely Buy-Back Price if the Investor requests an Issuer Buy-Back. However, the actual Buy-Back Price at which the Issuer will buy-back your Units will only be available on the Weekly Pricing Date and can only be confirmed when the Issuer Buy-Back is transacted. The actual Buy-Back Price may therefore be different to the estimate provided at an earlier time. The Buy-Back Price will be in AUD for AUD Series 52, and will be in USD for USD Series 52. If Units are terminated as a result of an Early Maturity Event then the Early Maturity Value or Termination Payment will be determined in accordance with clause 6 of the Terms in Section 13 or the definition of Termination Payment in the Glossary.

If the Units are terminated early as a result of an Early Maturity Event, then the Early Maturity Value payable by the Issuer will be determined in accordance with clause 6 of the Terms.

If you purchase Units during the General Offer Period through a Financial Adviser, its Approved Adviser Group may charge you brokerage in accordance with any client agreement you may have in place with them. This is not a fee charged by the Issuer.

What form does an investment in the Units take?

Each Unit is a separate Deferred Purchase Agreement between you and the Issuer, under which you agree to purchase the Delivery Parcel from the Issuer on a deferred basis. For example, if your Total Investment Amount (Total Payment Amount less Adviser Group Fee) is \$96,000 on the Issue Date, you will have entered into 100,000 separate Deferred Purchase Agreements at \$0.96 per Unit. Although each Unit constitutes a separate agreement between you and the Issuer, the Issuer may in its discretion aggregate the Units for the purposes of calculations.

At Maturity, Units are physically settled to your account in the form of a Delivery Parcel. The Delivery Parcel will be the number of Delivery Assets equal in value to the Final Value of all the Units comprising your investment (less Costs and Taxes, if any). Please refer to the section entitled "How will the value of my Delivery Parcel be calculated?" for further details on the calculation of the Final Value of each Unit. The Delivery Assets will be fully paid ordinary shares in BHP Billiton Ltd.

Investors may elect to sell the Delivery Parcel by using the Agency Sale Arrangement described on page 23 of this PDS.

How will the value of my Delivery Parcel be calculated?

At Maturity, you will receive the Delivery Parcel, the value of which is determined by reference to the Final Value per Unit.

The Final Value per Unit is calculated as follows:

a) If a Kick-In Event has not occurred;

Final Value per Unit = \$1.00

b) If a Kick-In Event has occurred:

Final Value per Unit = \$1.00 * (Closing Price (w) / Starting Price (w))

where Starting Price (w) is the Starting Price of the lowest performing Component Share and Closing Price (w) is the Closing Price of the lowest performing Component Share on the Final Maturity Date.

For the avoidance of doubt, the Final Value for Units in the:

- (a) AUD Series 52 is calculated in A\$; and
- (b) USD Series 52 is calculated in US\$.

What do I receive at Maturity?

By investing in the Units, you agree to purchase the Delivery Parcel from the Issuer which consists of ordinary fully paid shares in BHP Billiton Ltd (ASX code: BHP) (the "Delivery Asset"). The value of the Delivery Parcel you receive from the Issuer will equal the Final Value of your Units at the end of the Investment Term less any Costs and Taxes incurred by the Issuer in relation to Maturity. As at the date of this PDS, the Issuer does not expect there to be any Costs and Taxes that are not set out in the "Fees & Expenses" section at page 5, or in the paragraph below. No delivery will occur if the Final Value of the Units is zero.

You will need to consider whether the Delivery Assets are a suitable investment for you at the time that the Units mature. The Delivery Asset will be ordinary fully paid shares in BHP Billiton Ltd. You should note that in certain circumstances where it is not possible or efficient to obtain or transfer one or more of the intended Delivery Assets, the Issuer has the discretion to delay delivery or substitute the Delivery Assets, which means that you will receive the substituted delivery assets rather than ordinary fully paid shares in BHP Billiton Ltd. This may occur, for example, where the Issuer is unable to transfer the Delivery Assets due to legal or regulatory restrictions relating to the Delivery Assets (including a Suspension from trading or quotation) or to the Issuer itself (including as a result of internal restrictions designed to comply with any laws or regulations). It may also occur, for example, where the cost to transfer the Delivery Assets is prohibitively high. The substituted delivery assets can be any security listed on the ASX, forming part of the S&P/ASX 200 Index. You should take this into consideration when deciding whether to purchase this product. Once the Units mature and you receive the Delivery Parcel, you will have an investment in the Delivery Asset and will no longer have exposure to the Component Shares comprising the Reference Basket.

Refer to the "What Happens at Maturity?" section on page 22 for further details. Further information on the Delivery Assets can be found in Section 6 "The Delivery Asset".

Can I elect to receive a cash payment at Maturity?

You will automatically receive the Delivery Parcel on the Settlement Date (or as soon as practicable thereafter) unless you elect to sell your Delivery Assets through a special sale facility (the "Agency Sale Arrangement") that the Issuer will offer at Maturity.

The Issuer will not charge any brokerage for using this facility. Refer to the "What Happens at Maturity?" section on page 22 of this PDS for further details.

Can I sell my Units prior to Maturity?

While the Units are designed as a “buy and hold” investment, you will have the opportunity to request that the Issuer buys back your Units on the Weekly Pricing Dates (generally the last Trading Day of each week starting on and from 8 May 2015 or a date nominated by the Issuer as a Weekly Pricing Date unless the Issuer determines that that day is a Disrupted Day).

You may request the Issuer to buy back your Units by filling out the Investor Sale Form attached to this PDS and lodging it with the Issuer. If the Issuer accepts your offer to sell your Units prior to Maturity, then the Issuer will determine the actual price you receive on the relevant Weekly Pricing Date (the “Buy-Back Price”). This price will vary during the Investment Term and will take into account the economic value the Issuer achieves on the unwinding of any securities and derivatives it has in place to hedge its exposure under the Units (based on several factors including those set out on page 25 of this PDS), and any Break Costs. Since the Buy-Back Price can be less than your Purchase Price per Unit you may receive less than your Total Investment Amount when you sell your Units.

Details of the actual Buy-Back Price will be notified to Investors by way of a Settlement Notice. The Buy-Back Price will be in AUD for AUD Series 52, and will be in USD for USD Series 52.

The Issuer may publish indicative Buy-Back Prices at any time and provide this information to certain market data service providers. Indicative pricing will be available from the market data service providers or by calling the Issuer on 1800 633 100. Refer to the market data codes listed in the Term Sheet in Section 2 of this PDS. Investors should note that these prices will be indicative only and may be higher or lower than the Buy-Back Price that you will actually receive when you sell your Units.

Once the Investor Sale Form is lodged, your request for the Issuer to buy back your Units is irrevocable and the Issuer may accept, reject or hold over your request. Your request must be in respect of parcels of 1,000 Units and your residual holding must be at least 20,000 Units. Please refer to Section 7 “After the Initial Offer Period” for important information on how the Buy-Back Price is determined and how you can make a request to sell your Units. You should also refer to clause 6.3 of the Deferred Purchase Agreement to understand your rights and obligations if you request an Issuer Buy-Back.

Who are the Issuer and Arranger of UBS Callable Goals Units and who is the Guarantor?

The Issuer is UBS Investments Australia Pty Limited, an Australian private company and a wholly owned subsidiary of UBS AG. UBS Group AG is the holding company of UBS AG and therefore the ultimate holding company of the Issuer. The Issuer is a thinly capitalised entity and its obligations are unsecured obligations which rank equally with all other unsecured obligations of the Issuer.

In a winding up of the Issuer, it may not be able to perform its obligations under the Units. However, the obligations of the Issuer to pay sums and to deliver amounts and assets (including the Delivery Parcel) in respect of the Units are guaranteed by UBS AG (“Guarantor”) subject to certain qualifications—see Section 10 of this PDS for further details on the Guarantee. Under this Guarantee, if the Issuer does not perform any of its payment or delivery obligations in respect of Units, then the Guarantor will be required to satisfy those obligations or pay such amount on demand to holders of Units. The Guarantee is unconditional and irrevocable and the obligations of the Guarantor under the Guarantee (subject to applicable law) will at all times rank at least equally with all its unsecured and unsubordinated indebtedness and monetary obligations, present and future. For more information please refer to Section 10—Description of the Guarantee.

It is important to note that the Guarantee operates in respect of the Issuer's payment and delivery obligations relating to the Units but that it is not a guarantee of the performance of UBS Callable Goals or the performance of the Component Shares comprising the Reference Basket or the Delivery Asset.

The Issuer does not have an Australian Financial Services Licence. The issue of this PDS in Australia is arranged by UBS Securities Australia Limited (“Arranger” or “UBSSA”) (ABN 62 008 586 481; AFSL 231098) pursuant to an intermediary authorisation for the purposes of section 911A(2)(b) of the Corporations Act. In other words, the Issuer will issue the Units in accordance with the offer made by the Arranger to arrange for such issue of Units. UBS Securities Australia Limited is an Australian Financial Services Licensee under the Corporations Act (Licence No. 231098). It is a participating organisation of ASX Limited (“ASX”), a participant

of ASX Clear Pty Limited (the clearing and settlement facility for the derivatives markets operated by ASX) and a participant of CHES (the clearing and settlement facility operated by ASX Settlement Pty Limited).

UBS Securities Australia Limited is a wholly-owned and non-guaranteed subsidiary of UBS AG. UBS AG was formed on 29 June 1998 from the merger of Swiss Bank Corporation and Union Bank of Switzerland. UBS Group AG is the holding company of UBS AG and of the UBS group, and therefore the ultimate holding company of the Issuer. UBS AG is the primary operating entity of the UBS group. UBS group draws on its over 150-year heritage to serve private, institutional and corporate clients worldwide, as well as retail clients in Switzerland. UBS group's business strategy is centred on its pre-eminent global wealth management businesses and its leading universal bank in Switzerland, complemented by its Global Asset Management business and its Investment Bank, with a focus on capital efficiency and businesses that offer a superior structural growth and profitability outlook. UBS Group AG shares are listed on the New York Stock Exchange and the SIX Swiss Exchange. More information on UBS Group AG and UBS AG can be obtained from <http://www.ubs.com/1/e/investors.html>.

Can the Issuer nominate an Early Maturity?

The Issuer has the discretion to nominate certain events as an Early Maturity Event in certain circumstances. The value of your Units on Early Maturity (other than as a result of a Call Event) may be less than \$1.00 per Unit even where no Kick-In Event has occurred. You will be given prior notice of any proposed Early Maturity (other than as a result of a Call Event) in accordance with the Terms. You should read clauses 6 and 7 of the "Terms of the Deferred Purchase Agreement" for a full list and detailed description of the circumstances in which the Issuer may call an Early Maturity Event, and to fully understand your rights and obligations if it does occur.

One of the circumstances in which an Early Maturity Event may be called is termed an Adjustment Event, and a list of these may be found in the Glossary on page 62.

To help summarise for Investors, the following is a simplified list of the circumstances in which an Early Maturity Event may be called:

- 1) where there is distribution or return of capital, capital raising, buy-back, bonus issue, right issue, scheme of arrangement, compulsory acquisition or other corporate action in relation to a Component Share or the Delivery Asset (please refer to the definition of Adjustment Event for a full list);
- 2) where an event occurs which would result in the administration, liquidation, winding up or termination or other similar event in respect of the issuer of the Component Share or Delivery Asset;
- 3) where there is an event which results in the actual or proposed suspension, delisting or removal from quotation of the Component Share or Delivery Asset;
- 4) where the Issuer is unable to establish, maintain or unwind its hedging activities in respect of the Units or where there is a materially increased cost of doing this (generally the Issuer will seek to hedge the units in futures and options over the Component Shares); and
- 5) where the Issuer is or will become unable to perform its obligations under the Units because it has become unlawful or illegal to do so.

Items 1 to 4 above are Adjustment Events. In the case of Adjustment Events, the Issuer will generally seek to adjust the Terms of the Units in a manner consistent with any adjustment or change made to the Issuer's hedging arrangements or to put both it and the Investor in as similar an economic position as reasonably possible as if the Adjustment Event had never occurred. If, in the Issuer's reasonable opinion, it is not possible to do this then the Issuer will look at calling an Early Maturity Event in which case Break Costs may apply and the Issuer will not adjust the Terms in order to put both UBS and the Investor in as similar an economic position as if the Adjustment Event had never occurred.

What if I'm buying Units after the Initial Offer Period closes?

An Investor may apply to the Issuer (through a Financial Adviser) to acquire Units during the General Offer Period, but should note the following differences:

- the Purchase Price for each Unit will be determined by the Issuer, in its absolute discretion, on the last Trading Day of the week in which the Application is approved by the Issuer. The Purchase Price will take into account a number of factors, including the current value of issued Units, the price, dividend yield and volatility of each Component Share, the correlation between price movements of the Component Shares, the Issuer's Credit Margin (which will also be affected by the creditworthiness of UBS AG), prevailing Australian interest rates, US interest rates and the time to Maturity⁴; and
- Investors who purchase Units in the General Offer Period at a Purchase Price greater than the Issue Price will receive a lower overall return, or make a greater loss compared to those who purchase Units in the Initial Offer Period because the maximum Final Value is \$1.00 per Unit, and is not the Investor's Purchase Price.

The Application Form for Units offered in the General Offer Period will be attached to a Supplementary PDS. Please refer to Section 7 "After the Initial Offer Period" for more information on the issue of Units during the General Offer Period.

The Units purchased by Investors applying during the General Offer Period will be subject to the same Terms and have the same Periodic Payment Amount as the Units issued at the end of the Initial Offer Period. In other words, the Final Value for these Units will be the same as for Units issued earlier. Please refer to Section 7 for more information on making an investment after the Initial Offer Period.

Please note that while the Issuer intends to issue Units only once per week after the Initial Offer Period, it retains the discretion to issue Units at any time.

What are the taxation implications of this investment?

Clayton Utz has provided a taxation summary which is included in this PDS. Briefly, the taxation summary as it relates to Australian residents holding the Units on capital account includes the following points⁵:

- the Periodic Payments should be included in the Investor's assessable income at the time of receipt;
- the Australian Taxation Office ("ATO") should treat any gain or loss arising in respect of the Units on delivery of the Delivery Parcel (if any) as a capital gain or loss;
- any such capital gain should be a discount capital gain where delivery occurs more than 12 months after the date of acquisition of the Units;
- a capital gain or loss may arise in respect of the Delivery Parcel when the Delivery Parcel is sold (including under the Agency Sale Arrangement);
- the ATO should treat the date of acquisition of the Delivery Parcel for the purposes of CGT discount treatment as being the date of delivery of the Delivery Parcel under the Units; and
- assessable and deductible foreign exchange gains and losses may arise as a result of an investment in Units.

The taxation summary is set out in Section 11 "Taxation Summary" of this PDS.

⁴ Please note the Purchase Price for Units after the Initial Offer Period is determined by the Issuer in its absolute discretion and may be higher than the price at which UBS may buy-back Units from existing Investors.

⁵ Depending on your personal circumstances and subject to the assumptions in Section 11 "Taxation Summary" being correct. You should seek your own independent advice on the taxation implications of investing in the Units.

How do I invest in the Units?

You may apply for Units through your Financial Adviser on any day during the Initial Offer Period or General Offer Period set out on page 1, by providing your Financial Adviser or Approved Adviser Group with a completed Application Form referencing your Total Payment Amount and providing payment of this amount. During the Initial Offer Period you may arrange with your Financial Adviser to pay the Issuer on your behalf. During the General Offer Period, payment for the Units can be made by requesting in your Application Form that the Issuer process a direct debit in the amount of your Total Payment Amount from your nominated bank account. The amount actually invested in the Units (your Total Investment Amount) will be this Total Payment Amount less any Adviser Group Fee. The number of Units purchased will be your Total Investment Amount divided by the Purchase Price (rounded down to the nearest whole Unit).

You may also be required to provide other supporting documentation such as identification or account opening information as required by the Approved Adviser Group or the Issuer. Your Financial Adviser or Approved Adviser Group will forward your Application Form to the Issuer.

The Initial Offer Period Application Form is on page 74. An Application Form for applications during the General Offer Period will be attached to a Supplementary PDS issued after the Initial Offer Period closes. A copy of the Supplementary PDS will be made available at www.ubs.com/equitysolutions.

By signing the Application Form and arranging for the Financial Adviser or Approved Adviser Group to lodge it with the Issuer, you agree to be bound by the Terms, which include the Terms of the Deferred Purchase Agreement, this PDS and any supplement to this PDS applicable to your Units. You also agree to appoint the Issuer as your agent to enable the Issuer to do all things specified in clause 16.6 of the Terms (this includes execute all documents necessary on your behalf to effect the sale and purchase of Units).

Refer to the "How to Invest and Sell Back" section on page 70 of this PDS for more details.

Applications will only be processed after the Applications Open Date.

Section 3—Summary of Advantages and Risks of investing in UBS Callable Goals

Advantages

An investment in UBS Callable Goals offers the following advantages:

- exposure to a basket of four US shares;
- entitlement to fixed quarterly Periodic Payments regardless of the performance of the Component Shares;
- if a Kick-In Event and a Call Event have not occurred, then the Final Value of the Units on the Final Maturity Date will be equal to \$1.00 per Unit. In this way, the Final Value of UBS Callable Goals Units is not impacted by a fall in the Closing Prices of the Component Shares on the Final Maturity Date that is less than 35% of their respective Starting Prices for Investors who hold those Units to Maturity;
- the Units will have an Early Maturity Value equal to \$1.00 per Unit in the case where a Call Event occurs (provided that the Investor holds their Units until a Call Event occurs);
- new Applications for Units can be made weekly and Issuer Buy-Backs may be requested weekly (subject to the Issuer's discretion and certain conditions as outlined on page 8); and
- a Final Value that is hedged into US dollars for the USD Series.

Risks

UBS Callable Goals is a financial product that does NOT have an overall protection of the Total Investment Amount. Hence you may lose almost all of your Total Investment Amount if a Kick-In Event occurs (you will always receive the Periodic Payment provided you hold the Units on the relevant Periodic Payment Determination Dates). Also, the return you receive could be less than that you might earn on other investments and could be zero.

The key risks include:

- The market value of the Units will fluctuate between the date you purchase Units and the Final Maturity Date. Several factors will influence the market value of the Units including (among other things) the prevailing price, dividend yield and volatility of the Component Shares, the correlation between price movements of the Component Shares, Australian interest rates, US interest rates and the Issuer's Credit Margin (which will also be affected by the creditworthiness of UBS AG).
- The price of the Component Shares can go down as well as up.
- If Early Maturity occurs (other than as a result of a Call Event) or if an Investor sells their Units back to the Issuer prior to Maturity, the Investor may receive less than their Purchase Price per Unit and possibly lose their Total Investment Amount even if a Kick-In Event has not occurred.
- If a Kick-In Event occurs, an Investor will then be exposed to the downside performance of the lowest performing Component Share (see page 7 for a description on how this is calculated). A Kick-In Event occurs if on the Final Maturity Date, the Closing Price of any of the Component Shares quoted by the Relevant Exchange is equal to or less than the Kick-In Price for that Component Share. There is no capital or principal protection of the Total Investment Amount in this product.
- The maximum Final Value (if the Units are held to Maturity) will be \$1.00 per Unit, regardless of how well the Component Shares in the Reference Basket have performed.
- The Issuer (or its nominee) may not be able to buy back your Units on Weekly Pricing Dates. Buy-back requests are irrevocable and the Issuer might not accept a request immediately but hold it over if the Weekly Pricing Date turns out to be a Disrupted Day. This will delay the processing of an Investor's buy-back request and may impact the Buy-Back Price an Investor receives.

- The Early Maturity Value (where no Call Event occurs), Buy-Back Price and Termination Payment may be less than the Purchase Price and may also be reduced by any related Costs and Taxes, Break Costs, administrative costs and costs of unwinding any hedge incurred by the Issuer on Early Maturity or Issuer Buy-Back. The Break Costs may be significant and may not be in your favour.
- The delivery of the Delivery Assets (or the Sale Proceeds if you elect to use the Agency Sale Arrangement) on Maturity and other obligations of the Issuer under the Terms are subject to the creditworthiness of both the Issuer and the Guarantor (UBS AG) because the Issuer's obligations under this Deferred Purchase Agreement are guaranteed by UBS AG. As such, you may lose your entire Total Investment Amount and any unpaid Periodic Payments if both the Issuer and the Guarantor fail to perform the delivery or payment obligations under the Deferred Purchase Agreement and the Guarantee. More detailed information regarding the Guarantee is set out in Section 10 of this PDS.
- Market movements from the Maturity Date to the Settlement Date will affect the value of the Delivery Parcel. After the Maturity Date, Investors will have price exposure to the Delivery Assets. The Issuer will transfer the Delivery Assets to Investors as soon as practicable, but there is a risk that they may fall in value by the time they are transferred. Therefore, the value of shares received by the Investor on the Settlement Date may be different to the Final Value of Units calculated on the Final Maturity Date (or the Early Maturity Value calculated on the Early Maturity Date).
- Under the Terms of the Units, the Issuer has the right to transfer its rights and obligations under this PDS and the Terms.
- The expected tax implications of entering into and/or at exiting UBS Callable Goals at Maturity may change as a result of changes in the taxation laws and interpretation of them by the ATO. Please refer to Section 11 of this PDS for a more detailed description of the taxation treatment of UBS Callable Goals and obtain independent advice that takes into account your specific circumstances.
- Investors who purchase Units in the General Offer Period at a Purchase Price greater than the Issue Price will receive a lower overall return, or make a greater loss compared to those in the Initial Offer Period because the maximum Final Value is \$1.00 per Unit and is not the Investor's Purchase Price.
- The Purchase Price paid by Investors during the General Offer Period may also be less than that paid by Investors during the Initial Offer Period, potentially providing a greater return to those that invest in the General Offer Period compared to those that invested in the Initial Offer Period.
- The Final Value or Early Maturity Value of Units in the USD Series are determined in USD, but the Delivery Asset is denominated in AUD. Consequently, to determine the quantity of Delivery Assets making up the Delivery Parcel, the Issuer will convert the Final Value or Early Maturity Value per Unit from USD into AUD at the prevailing exchange rate on the date the Average Price is determined, and calculate the number of Delivery Assets using the Final Value or Early Maturity Value in AUD. If an Investor in the USD Series elects to use the Agency Sale Arrangement, the Issuer will dispose of the Delivery Assets and convert the Sale Proceeds from AUD into USD at the prevailing exchange rate before paying the USD amount to the Investor. Exchange rates used in these conversions will be observed and determined by the Issuer in its absolute discretion. Where an Investor in the USD Series elects to use the Agency Sale Arrangement, the Issuer will use its best endeavours to ensure that the currency conversions from USD into AUD and from AUD into USD are executed at the same exchange rate, so that the Investor will receive an amount equal to the USD denominated Final Value or Early Maturity Value per Unit (less any applicable Costs and Taxes). If an Investor in the USD Series takes physical delivery of the Delivery Parcel and subsequently sells the Delivery Assets and exchanges their funds back into USD then the Investor will be exposed to fluctuations in the USD/AUD exchange rate between the Maturity Date and the date they convert AUD back into USD.

- In certain circumstances, the Issuer has the right to make adjustments, delay delivery of the Delivery Assets to or substitute the Delivery Assets or any part of them. The Issuer can also amend or adjust any variable, formula, amount or calculation as set out or used in the PDS, the Term Sheet or the Terms if an Adjustment Event occurs. You should read clause 7 of the Terms and the definition of Adjustment Event. When this PDS refers to ordinary fully paid shares in BHP Billiton Ltd as the Delivery Asset at Maturity, we are assuming that there will be no adjustment. However, this may not be the case. You are warned of this and should take this into account when considering your investment. You will be notified if an adjustment occurs.
- If the Issuer considers that it is not possible to deal with the Adjustment Event as set out above, then we may make alterations to clause 6 or 7 of the Terms or any other term we consider reasonably required provided the alteration is not unfair (as defined in Section 12BG of the ASIC Act) or nominate it as an Early Maturity Event.

These risks are explained in more detail in Section 8—“Risk Factors” on page 28 of this PDS.

Section 4 – Illustrative Examples

Please note these examples are based only on the AUD Series and assume a Periodic Payment Amount of A\$0.02. This is the Periodic Payment Amount that would have been set for the AUD Series if the product was issued on the date of this PDS. Note that the actual Periodic Payment Amount for each Series will be set on the Strike Date. The actual Periodic Payment Amount will not be less than the Minimum Periodic Payment Amount for each Series.

Any share prices, growth in value or returns shown are hypothetical only, are not based on any historical period and are not an indicator of future share prices or returns.

Examples of Call Feature:

The examples assume the following Starting Prices:

Component Share	Starting Price	Call Price (100%)
American Express Company (AXP)	US\$80.60	US\$80.60
International Business Machines Corp. (IBM)	US\$159.40	US\$159.40
Wells Fargo & Company (WFC)	US\$54.80	US\$54.80
The Coca-Cola Company (KO)	US\$42.20	US\$42.20

Example 1 – Call Event occurs on a Call Date after 18 months (on 3rd Call Date)

Month	Closing Prices on the relevant Call Date (US\$)				Closing Price greater than or equal to Call Price on Call Date?				Call Event?
	AXP	IBM	WFC	KO	AXP	IBM	WFC	KO	
12th	81.35	155.23	53.10	41.55	Yes	No	No	No	No
15th	82.40	157.28	55.65	40.10	Yes	No	Yes	No	No
18th	84.80	162.68	57.30	42.60	Yes	Yes	Yes	Yes	Yes

On the Call Date that occurs at the end of 18 months after the Issue Date, a Call Event has occurred as all four Component Shares have a Closing Price at or above their respective Call Prices, and an Early Maturity will occur. The Early Maturity Value per Unit will be equal to A\$1.00 per Unit. In addition to this, the Investor will receive 6 Periodic Payments (quarterly for the 18 months) with each calculated as follows:

$$\begin{aligned} \text{Periodic Payment} &= \text{Periodic Payment Amount} \times \text{number of Units held} \\ &= \text{A\$0.02 per Unit} \end{aligned}$$

Hence the total Periodic Payments paid will be A\$0.12 per Unit (i.e. 6 x A\$0.02 = A\$0.12).

Example 2 – Call Event never occurs and the Units reach Final Maturity Date

Month	Closing Prices on the relevant Call Date (US\$)				Closing Price greater than or equal to Call Price on Call Date?				Call Event?
	AXP	IBM	WFC	KO	AXP	IBM	WFC	KO	
12th	79.30	155.10	52.10	38.70	No	No	No	No	No
15th	77.55	157.20	50.83	36.28	No	No	No	No	No
18th	79.70	154.40	51.79	42.40	No	No	No	Yes	No
21st	79.10	150.80	53.50	44.55	No	No	No	Yes	No
24th	81.80	152.30	55.40	41.80	Yes	No	Yes	No	No
27th	80.25	149.05	53.90	43.25	No	No	No	Yes	No
30th	82.90	148.85	56.70	38.12	Yes	No	Yes	No	No
33rd	84.35	149.60	58.15	37.46	Yes	No	Yes	No	No

No Call Event has occurred on any of the Call Dates throughout the entire 3 year Investment Term. The Investor will receive the Periodic Payment each quarter and the Units will mature on the Final Maturity Date. Hence, and as calculated above, the total Periodic Payments paid will be A\$0.24 per Unit (i.e. 12 x A\$0.02 = A\$0.24).

The Final Value per Unit will be calculated as per the Term Sheet, taking into account whether a Kick-In Event has occurred (please see example below).

Examples of Kick-In Event (assuming Call Event never occurs):

The examples assume the following Starting Prices:

Component Share	Starting Price	Kick-In Price (65%*)
American Express Company (AXP)	US\$80.60	US\$52.39
International Business Machines Corporation (IBM)	US\$159.40	US\$103.61
Wells Fargo & Company (WFC)	US\$54.80	US\$35.62
The Coca-Cola Company (KO)	US\$42.20	US\$27.43

* The Kick-In Price is 65% of the Starting Price. i.e. for AXP, US\$80.60 x 65% = US\$52.39

Example 3—No Kick-In Event occurs:

Component Share	Kick-In Price (65%)	Closing Price (on the Final Maturity Date)
AXP	US\$52.39	US\$66.43
IBM	US\$103.61	US\$128.59
WFC	US\$35.62	US\$46.25
KO	US\$27.43	US\$35.40

In this example, no Component Share has a Closing Price at or below its Kick-In Price on the Final Maturity Date. Therefore **no** Kick-In Event has occurred and the Final Value will be A\$1.00 per Unit. In addition, 12 Periodic Payments (quarterly for the 3 year Investment Term) will be paid with each calculated as follows:

Periodic Payment = Periodic Payment Amount x number of Units held
= A\$0.02 per Unit

Hence the total Periodic Payments paid will be A\$0.24 per Unit (i.e. 12 x A\$0.02 = A\$0.24).

Example 4—A Kick-In Event DOES occur:

Component Share	Kick-In Price (65%)	Closing Price (on the Final Maturity Date)
AXP	US\$52.39	US\$41.15
IBM	US\$103.61	US\$128.59
WFC	US\$35.62	US\$46.25
KO	US\$27.43	US\$25.30

In this example, both American Express Company and The Coca-Cola Company have a Closing Price at Maturity at or below their Kick-In Price and hence a Kick-In Event **has** occurred.

In this scenario, there are 2 steps to determining the Final Value:

Step One – determine the lowest performing Component Share:

Performance of American Express Company:

$$= \frac{\text{Closing Price for Component Share on Final Maturity Date} - \text{Starting Price for Component Share}}{\text{Starting Price for Component Share}}$$

$$= \frac{\text{US\$41.15} - \text{US\$80.60}}{\text{US\$80.60}}$$

$$= -48.95\%$$

Performance of The Coca-Cola Company:

$$= \frac{\text{Closing Price for Component Share on Final Maturity Date} - \text{Starting Price for Component Share}}{\text{Starting Price for Component Share}}$$

$$= \frac{\text{US\$25.30} - \text{US\$42.20}}{\text{US\$42.20}}$$

$$= -40.05\%$$

The lowest performing Component Share is the one with the largest negative return from this calculation. American Express Company has the largest negative return and hence American Express Company is the lowest performing Component Share.

Step Two – calculate the Final Value based on the performance of the lowest performing Component Share:

$$\text{Final Value} = \$1.00 \times \frac{\text{Closing Price for AXP on the Final Maturity Date}}{\text{Starting Price for AXP}}$$

$$= \$1.00 \times \frac{\text{US\$41.15}}{\text{US\$80.60}}$$

$$= \text{A\$0.5105 per Unit}$$

As a result the Final Value will be A\$0.5105 per Unit. In addition, the total Periodic Payments (paid in cash throughout the investment term), will be A\$0.24 per Unit.

The value of the Delivery Assets you receive from the Issuer will equal the Final Value of your Units at the end of the Investment Term less any Costs and Taxes incurred by the Issuer in relation to Maturity.

Section 5—What happens at Maturity?

Subject to any particular amendments as set out in the Term Sheet, the Issuer will notify Investors of an upcoming Maturity by sending them a Maturity Notice approximately 20 Business Days before the Final Maturity Date.

The Issuer will also remind Investors of the potential for Early Maturity due to a Call Event, by sending a Standing Election Notice approximately 20 Business Days prior to the first Call Date (1 year after the Strike Date). This Standing Election Notice will include an election with regards to the two options outlined below, that will apply for any Early Maturity occurring as a result of a Call Event. This election may be revoked by the Investor in writing at any time and any revocation will be effective for Call Dates occurring at least 5 Business Days after the revocation is lodged with the Issuer.

The Issuer will calculate the Delivery Parcel for the Units using the Final Value.

Delivery and Settlement

The Delivery Parcel is the number of Delivery Assets to be delivered by the Issuer or its nominee to you following Maturity or as a result of a Call Event. The Delivery Asset will be ordinary fully paid shares in BHP Billiton Ltd. However, you should note that the Issuer has the right to delay delivery or substitute another asset as the Delivery Asset. The substitute Delivery Asset must be a security quoted and trading on the ASX and included in the S&P/ASX200 Index. Otherwise, the choice of substitute Delivery Asset is at the Issuer's discretion.

At Maturity or prior to a Call Date there are two options available to you. These options are:

1. accept physical delivery of the Delivery Parcel; or
2. elect to take advantage of the Agency Sale Arrangement, which lets you sell the Delivery Parcel and receive the Sale Proceeds.

Once the Units mature and you accept delivery of the Delivery Parcel, or elect to sell the Delivery Parcel, you will no longer have potential exposure to each Component Share of the Reference Basket. Instead, if you accept delivery, you will then hold and have exposure only to ordinary fully paid shares in BHP Billiton Ltd. At Maturity or following a Call Event, you will need to consider whether an investment in the Delivery Asset will be suitable for you. If you choose to accept delivery of the Delivery Asset, then you will hold that investment. If, at Maturity or following a Call Event, you think this investment is not suitable, you can elect to use the Agency Sale Arrangement and sell the Delivery Parcel and receive the Sale Proceeds. If you do not choose to use the Agency Sale Arrangement physical delivery of the Delivery Parcel will occur.

Option 1—Physical delivery of the Delivery Parcel

You do not need to do anything when you receive the Maturity Notice or Standing Election Notice. By doing nothing, physical delivery of the Delivery Parcel will automatically occur.

The Issuer or its nominee will purchase the Delivery Assets specified in the Delivery Parcel (which takes into account any Costs and Taxes) and register those Delivery Assets in your name on the Settlement Date in accordance with the Settlement details provided to the Issuer.

If you are not CHESS sponsored or do not provide the Issuer with your CHESS details, the Issuer or its nominee will register the Delivery Assets as an issuer-sponsored holding in your name.

Market movements from the Maturity Date (or Early Maturity Date in the case of a Call Event) to the Settlement Date will affect the value of the Delivery Parcel. The Issuer will transfer the Delivery Assets to you as soon as practicable but there is a risk that they may fall in value by the time they are transferred to you.

Option 2—The Agency Sale Arrangement

To take advantage of the Agency Sale Arrangement and to receive the Sale Proceeds of the Delivery Parcel on the Settlement Date, you must:

- elect the Agency Sale Arrangement option in the Maturity Notice or Standing Election Notice; and
- return the Maturity Notice to the Issuer at least five Business Days prior to the Maturity Date or, in the case of a Standing Election Notice, five Business Days prior to the next Call Date.

Under the Agency Sale Arrangement the Issuer or one of its related entities will accept physical delivery of the Delivery Parcel on your behalf and will then sell the Delivery Parcel on your behalf. The Issuer will pay to you the Sale Proceeds, which will equal the number of Delivery Assets sold multiplied by the Average Price less any Costs and Taxes. If, for any reason whatsoever, the Issuer is unable to sell the relevant Delivery Parcel at the Average Price, the Issuer will use reasonable endeavours to sell that relevant Delivery Parcel as soon as reasonably practicable for the market price applicable at the time of sale.

The Sale Proceeds will be transferred into your nominated Settlement Account or paid to you by cheque within 10 Business Days of the Settlement Date or as soon as reasonably practicable thereafter.

Fractional Shares

If after aggregating all Delivery Assets transferable to you on the Settlement Date, the Delivery Parcel includes a fractional share in the Delivery Asset which is valued at more than A\$20.00, the Issuer will convert the amount into USD (for Units in USD Series 52) and will transfer the relevant amount of dollars into your nominated Settlement Account or pay it to you by cheque within 10 Business Days after the Settlement Date or as soon as reasonably practicable thereafter. This amount is in effect a reimbursement of a portion of your Total Investment Amount. If the amount does not exceed A\$20.00, the Issuer is under no obligation to the Investor to make any payment for the fractional share.

Section 6 – The Delivery Asset

The Delivery Assets are fully paid ordinary shares in BHP Billiton Ltd on the ASX (ASX Code: BHP), or any other asset specified as the Delivery Asset in the Term Sheet.

BHP Billiton Ltd ("BHP") is an international resources company. The Company's principal business lines are mineral exploration and production, including coal, iron ore, gold, titanium, ferroalloys, nickel and copper concentrate, as well as petroleum exploration, production, and refining. It is a dually-listed company with BHP Billiton PLC. For more information please go to www.bhpbilliton.com. As BHP is listed on the ASX, information and announcements are also available from the ASX website (www.asx.com.au) and major newspapers and market information services.

The performance of Units is not directly affected by the performance of shares in BHP during the Investment Term, but if you elect to hold the Delivery Assets after the Maturity Date, the value of those shares will be affected by the price of the shares as traded on ASX.

The Issuer may determine that if it is not possible or efficient to obtain or transfer the intended Delivery Asset (i.e. shares in BHP), it may delay delivery or substitute the Delivery Asset for any other security quoted and trading on ASX (including any other security or fund or entity listed on ASX) that is included in the S&P/ASX 200 Index, and deliver that substituted asset instead. This may occur, for example, where the Issuer is unable to transfer the Delivery Assets due to legal or regulatory restrictions relating to the Delivery Assets (including a suspension from trading or quotation) or to the Issuer itself (including as a result of internal restrictions designed to comply with any laws or regulations). It may also occur for example, where the cost to transfer the Delivery Asset is prohibitively high.

As at the date of this PDS the Delivery Assets are expected to be fully paid ordinary shares in BHP Billiton Ltd, and all references to the Delivery Asset in this PDS are to those shares. However, you should be aware that the Issuer can delay delivery or substitute the Delivery Asset as described above, and you should take this into account when considering whether to invest in the Units. For further information about substitution of the Delivery Asset refer to Section 8 "Risk factors" on page 28 of this PDS.

Section 7—After the Initial Offer Period

How can I monitor my investment?

You can obtain information for the Component Shares by referring to newspapers or news services, or by contacting your Financial Adviser.

The Issuer will publish indicative bid prices for the Units periodically, by providing this information to certain market data service providers. You can also request this information from your Financial Adviser, or refer to the market data service codes listed in the Term Sheet in Section 2 of this PDS. These indicative bid prices can change at any time and as such may differ from the actual price at which the Issuer may buy back your Units.

The Issuer, in its discretion, will determine its indicative bids for Units prior to Maturity having regard to a number of factors, such as (but not limited to):

- price of the Component Shares;
- time to Maturity;
- Australian interest rates;
- US interest rates;
- the Issuer’s Credit Margin (which will also be affected by the creditworthiness of UBS AG);
- dividend yield of the Component Shares; and
- correlation between price movements of the Component Shares.

Buy back of Units by the Issuer

While the Units are designed as a “buy and hold” investment, you will have the opportunity to request that the Issuer purchase your Units on the Weekly Pricing Dates (generally the last Trading Day of each week starting on and from 8 May 2015 or a date nominated by the Issuer as a Weekly Pricing Date unless the Issuer determines that that day is a Disrupted Day).

If the Issuer accepts your request, the price at which the Issuer will buy back your Units is the “Buy-Back Price”. This price will vary during the Investment Term. As such, the Buy-Back Price can be less than the Purchase Price per Unit that you have invested and may be different to the Final Value per Unit if held to Maturity.

When determining the Buy-Back Price the Issuer will take into account the economic value that the Issuer achieves on the unwinding of any securities or derivatives it has in place to hedge its exposure under the Units and on the quantum of any Break Costs. The economic value that it achieves will be reliant on several factors including but not limited to the price and volatility of the Component Shares, the correlation between price movements of the Component Shares, Australian interest rates, US interest rates and the Issuer’s Credit Margin (which will also be affected by the creditworthiness of UBS AG). The actual size of the impact of these factors on the Buy-Back Price will vary and is not quantifiable at the time you acquire your Units, however the general effect of those factors on the Buy-Back Price (assuming all other factors remain constant) can be summarised as follows:

Variable	Change in variable	Change in Unit value
Australian interest rates (AUD Series only)	↑	↓
US interest rates (USD Series only)	↑	↓
The Issuer’s Credit Margin (which will also be affected by the creditworthiness of UBS AG)	↑	↓
Component Share dividend yield	↑	↓
Component Share price	↑	↑
Component Share volatility	↑	↓
Correlation between price movements of the Component Shares	↑	↑

Break Costs may arise in relation to Early Maturity (other than as a result of a Call Event) or an Issuer Buy-Back. Break Costs are a component of the calculation of the Buy-Back Price or Early Maturity Value and are not a separate charge levied by the Issuer. Break Costs include all costs, expenses and losses incurred by the Issuer as a result of the determination of an Early Maturity Date (other than as a result of a Call Event), Buy-Back Date or other early termination, unwinding any hedge position entered into by the Issuer in connection with the Units, taxes or fees paid that are non-recoverable, administrative cost of processing the early termination, or any loss of profits by reason of such an early termination. The Issuer will provide you with an estimate of the Buy-Back Price if you request an Issuer Buy-Back. That estimate will have already taken into account any Break Costs but you should note that the actual Buy-Back Price will only be confirmed when the Issuer Buy-Back is transacted and may be different to the estimate provided. Physical delivery of the Delivery Asset will not occur under an Issuer Buy Back. Instead, the Issuer will cash settle, i.e. pay you the Buy-Back Price.

For example, say you have invested in 20,000 Units at \$0.96 per Unit. Three months later the Issuer may quote you a Buy-Back Price (which depends on how the factors listed above have changed) of, say, \$0.95 per Unit. If the Buy-Back Price has not moved when the request is accepted and executed on the Buy-Back Date then you will receive a total of \$19,000 for your holding.

Execution of Investor sale requests and the actual Buy-Back Price will be notified to Investors by way of the Settlement Notice, which will be sent to Investors as soon as reasonably practicable after the relevant Buy-Back Date. The Buy-Back Price will be in AUD for AUD Series 52, and will be in USD for USD Series 52.

You should read clause 6.3 of the Deferred Purchase Agreement carefully to understand your rights and obligations if you request an Issuer Buy-Back.

You can make an Issuer Buy-Back request by filling out the Investor Sale Form attached to this PDS and lodging it with the Issuer. An Issuer Buy-Back can only be requested in respect of parcels of 1,000 Units and your residual holding must be at least 20,000 Units. Once the Investor Sale Form is lodged, the request for an Issuer Buy-Back is irrevocable. The Issuer may accept, reject or hold over a request to buy-back your Units. The Investor Sale Form must be lodged with the Issuer by 5:00 pm (Sydney time) on the Business Day prior to a Weekly Pricing Date. If a Weekly Pricing Date turns out to be a Disrupted Day due to certain Market Disruption Events then the Issuer may in its absolute discretion defer the execution of the Issuer Buy-Back to a later date. Please refer to the "How to Invest and Sell Back" section on page 70 for more details on how to sell your Units.

The Issuer may publish the indicative Buy-Back Prices at any time and provide this information to certain market data service providers—please refer to the market data codes listed in the Term Sheet in Section 2 of this PDS. Investors should note that these prices will be indicative only and may be higher or lower than the Buy-Back Price that you will actually receive when you sell your Units.

As the Units will not be listed or displayed on any securities exchange such as the ASX, there may be little or no secondary market for the Units. Even if a secondary market for the Units develops, it may not provide significant liquidity or trade at prices advantageous to you. You should also note you may receive a price that is significantly less than the Purchase Price of your Unit if you sell those Units to the Issuer prior to the Final Maturity Date.

Further issue of Units during the General Offer Period

Investors can apply for Units during the General Offer Period which will open after the Strike Date. During the General Offer Period, the Purchase Price at which Investors can acquire Units will be determined by the Issuer in its absolute discretion on the last Trading Day of the week in which the Application is approved by the Issuer. This price can be different to the Issue Price of Units set out in the Term Sheet (it can be higher or lower), and it will vary over time. Investors should contact their Financial Adviser to obtain an indication of the current applicable Purchase Price.

All Units on issue will be subject to the same Terms, e.g. same Periodic Payment Amount same Final Value and Final Maturity Date. That is, the Final Value of a Unit will be the same as for Units issued in the Initial Offer Period regardless of whether the Purchase Price paid by the Investor was more or less than the Issue Price. But note however if you have paid more than the Issue Price for your Units you may still be exposed to a loss or reduced return compared to if you had paid the Issue Price, even if a Kick-in Event has not occurred. Please refer to the Risk Factors in Section 8 for more information.

Register

Ownership of Units is evidenced by your name or your investment entity's name being entered on the Register during the Investment Term. The Register will be maintained by the Issuer or by the Registrar appointed by the Issuer.

Certificates will not be issued to Investors. Notice of trusts will not be entered on the Register. Investors must notify the Issuer of any change in their particulars entered on the Register. The Register can be closed for up to 20 Business Days a year.

Section 8—Risk Factors

This section describes the most significant risks relating to the Units. We urge you to read the following information about these risks, together with the other information in this PDS before investing in the Units

Units are intended to be held until Maturity. The Final Value of the Units will be equal to \$1.00 per Unit only if you hold the Units to Maturity and a Kick-In Event does not occur.

Kick-In Event

On the Settlement Date, you will receive a Delivery Parcel the value of which is calculated by reference to the definition of Final Value in the Term Sheet in Section 2. This will be equal to \$1.00 per Unit if you hold your Units until Maturity and a Kick-In Event has not occurred. This means that the Final Value of your Units will not be impacted by a fall in the Closing Price of the lowest performing Component Share down to (but not including or below) the Kick-In Price. Please note there is NO capital or principal protection of the Total Investment Amount in this product. Investors who want to invest in a product with a capital or principal protection feature should not consider an investment in the Units. You may lose almost all of your Total Investment Amount if a Kick-In Event occurs (you will always receive the Periodic Payments if you hold to the respective Periodic Payment Determination Dates). You will not receive any Delivery Assets if the Final Value is zero.

Even if a Kick-In Event has not occurred, if you sell your Units back to the Issuer prior to Maturity, or if there is an Early Maturity Event (other than as a result of a Call Event) the Buy-Back Price you receive or the Early Maturity Value may be less than \$1.00 per Unit for the Units sold or subject to the Early Maturity. In this instance you may lose your entire Total Investment Amount.

Also note Investors who purchase Units in the General Offer Period at a Purchase Price greater than the Issue Price will receive a lower overall return, or make a greater loss compared to those in the Initial Offer Period, because the maximum Final Value is \$1.00 per Unit and is not the Investor's Purchase Price.

Call Event

If there is a Call Event, the Early Maturity Value per Unit will always be equal to \$1.00 per Unit. Investors should note that following a Call Event, your Units will mature and you will no longer be exposed to the Component Shares comprising the Reference Basket and you will not receive any further Periodic Payments or the Final Value.

Counterparty Risk—the ability of the Issuer and Guarantor to fulfil their obligations

You are exposed to counterparty risk in relation to the Issuer which is a risk that the Issuer may default on its obligations under the Terms. The Issuer does not actually own the Reference Assets and is a thinly capitalised entity. The obligations of the Issuer are unsecured obligations which rank equally with all other unsecured obligations of the Issuer, and in a winding up of the Issuer, you may not receive the amounts owed to you.

UBS AG (“Guarantor”) has granted a Guarantee in respect of certain obligations of the Issuer as described in Section 10 of this PDS. The Guarantor is an overseas entity and no assurance can be given in relation to the enforceability in an overseas jurisdiction of any Australian judgment obtained in relation to any default by the Guarantor. However, the Guarantee is governed by NSW law and the Guarantor submits to the non-exclusive jurisdiction of the NSW courts in respect of the Guarantee.

The Guarantee is not supported by a charge or other form of security over the assets of the Guarantor. The Guarantee represents general and unsecured contractual obligations of the Guarantor and will rank equally with all of its other unsecured obligations.

You must make your own assessment of the ability of the Issuer and the Guarantor to meet their obligations and their general creditworthiness. You can assess the Issuer's and the Guarantor's ability to meet their counterparty obligations by reviewing their financial information. Please refer to the "Description of the Issuer, Arranger and the Guarantor" in Section 9 on page 34 for more detail and information about how to access the financial information of the Guarantor.

Under the Terms of the Units, the Issuer also has the right to transfer its rights and obligations under this PDS and the Terms (provided that the transfer is not to the detriment of the Investor and is not otherwise unfair (as defined in Section 12BG of the ASIC Act)) so your credit exposure to the issuer of Units may change during the Investment Term.

Opportunity Cost

The Units are a speculative financial product and may produce a return that is less than that offered by other investments of the same Maturity. The actual return you receive could possibly be negative and you may lose money. In addition, it is likely that it will not be the same return as that you would earn if you had invested directly in the Component Shares where you may have received the distributions paid on the Component Shares during the Investment Term.

Historical prices of the Component Shares should not be taken as an indication of the future performance of the Component Shares during the Investment Term.

It is impossible to predict whether the Component Shares will rise or fall. Trading prices of the Component Shares will be influenced by complex and interrelated political, economic, financial and other factors, including:

- profitability of the issuers of the Component Shares;
- general movements in local and international security markets;
- prevailing economic conditions in the country that each Component Share has operations (and any political decisions that will impact those conditions), including interest rates and inflation;
- market perception of the prospects for the issuers of the Component Shares;
- the distribution payment policy of the issuers of the Component Shares; and
- changes in law affecting the Component Shares.

The Issuer does not guarantee the performance of the Component Shares. Nothing in this PDS is a recommendation by the Issuer concerning an investment in the Units, the Component Shares or the Delivery Assets.

You will not receive dividends or other distribution payments on the Component Shares or the Delivery Assets or have security holder rights in the Component Shares or the Delivery Asset

You will not receive any dividend payments or other distributions paid by the Delivery Assets or the Component Shares. As an owner of Units, you will not have any voting rights or any other rights that holders of Delivery Assets or the Component Shares may have other than the right to receive a Delivery Parcel on the Settlement Date. The Issuer may enter into agreements or hold assets to hedge its obligations under the Units, however you will not have any rights or interests in or security over those assets or arrangements.

There may not be an active trading market in the Units — sales made in the secondary market may result in significant losses

There may be little or no secondary market for the Units. The Units will not be listed or displayed on any securities exchange such as the ASX. The Issuer intends to offer to buy back Units once a week at prices set by the Issuer, although the Issuer is not required to do so and may stop offering to buy back the Units at any time without notice, in which case Investors may be unable to realise their investment until the Final Maturity Date. Buy-back requests are irrevocable and the Issuer might not accept a request immediately but hold it

over. This may delay the processing of an Investor's buy-back request and may impact the Buy-Back Price an Investor receives. The Buy-Back Price will be net of any related Costs and Taxes, Break Costs, administrative costs and costs of unwinding any hedge incurred by the Issuer on the Issuer Buy-Back. The Buy-Back Price may be less than the Purchase Price and may also be different to the Final Value that you will receive if Units are held to Maturity.

Even if a secondary market for the Units develops, it may not provide significant liquidity or trade at prices advantageous to you. As a result, if you sell your Units before Maturity, you may have to do so at a discount from the Purchase Price and you may suffer losses.

The market value of the Units may be influenced by unpredictable factors

The market value of the Units may fluctuate between the date you purchase Units and the Maturity Date when the Issuer will determine the value of your Delivery Parcel. Therefore, you may sustain a significant loss if you sell Units in the secondary market (if one exists) or to the Issuer. Several factors, many of which are beyond the Issuer's control, will influence the market value of the Units. We expect that generally the price of the Component Shares, Australian interest rates, US interest rates and the Issuer's Credit Margin (which will also be affected by the creditworthiness of UBS AG), on any day will affect the market value of the Units more than any other factors. Other factors that may influence the market value of the Units include:

- the volatility of the Component Shares (i.e., the frequency and magnitude of changes in the price of the Component Shares);
- the correlation between price movements of the Component Shares;
- the market price of the Component Shares;
- the dividend rate paid on the Component Shares;
- the time remaining to the Maturity of the Units;
- supply and demand for the Units;
- economic, financial, political, regulatory, or judicial events that affect the price of the Component Shares or that affect the Relevant Exchanges or stock markets generally; or
- the creditworthiness of the Issuer and UBS AG, which can influence the Issuer Credit Margin.

The value of the Units will fall (i.e. decay) due to the passing of time, even if the Component Shares, Component Shares' volatility and distributions and interest rates remain unchanged. The loss in value of the Units will be sustained even if you sell Units back to the Issuer.

Whilst the table on page 25 is intended to show the general impact of various pricing factors on the value of Units, those factors can affect the value of Units simultaneously and their effect can be compounding or offsetting. The impact of a combination of changes in these factors cannot be predicted with certainty at the time of investment.

Potential Conflicts of Interest

The Issuer and its Affiliates may conduct transactions as principal or agent in various securities including the Delivery Asset and the Component Shares. These trading activities may affect (positively or negatively) the value, or liquidity of the Delivery Asset or the Component Shares, and may therefore affect the return you receive on the Units.

Under the Terms of the Deferred Purchase Agreement, the Issuer has powers to make adjustments to the Terms of the Units, including the termination of the Units pursuant to an Early Maturity Event, which may or may not depend on the Issuer's determination as to whether it would incur a materially increased cost to maintain or unwind its hedge positions or is unable to maintain or unwind its hedging positions. As these powers and determinations by the Issuer may affect the values of the Units, a conflict of interest may arise if the Issuer needs to make such determinations.

The Issuer can substitute the proposed Delivery Asset

The Issuer may determine that if it is not possible or efficient to obtain or transfer the intended Delivery Asset it may delay delivery or substitute the Delivery Asset for any other security quoted and trading on ASX (including any other security or fund or entity listed on ASX) that is included in the S&P/ASX 200 Index, and deliver that substituted asset instead. Refer to clause 5.7 of the Terms of the Deferred Purchase Agreement in Section 13 of this PDS for information about substitution of Delivery Assets.

In addition, if you elect to use the Agency Sale Arrangement, the Issuer and its nominees will use their best endeavours to sell the relevant Delivery Parcel at the Average Price, however, if they are unable to do so then the Issuer and its nominees will sell the Delivery Asset as soon as reasonably practicable for the market price applicable at the time of sale. If the market value of the Delivery Parcel has fluctuated then the amount you receive per Delivery Asset may be less than the Average Price.

The Issuer can make adjustments to the Terms due to Adjustment Events, including nominating an Early Maturity Date

The Issuer may make adjustments to the Terms of the Units due to Adjustment Events such as (but not limited to) mergers and disposals, price source disruption, suspension of the Component Shares and changes in the Corporations Act or taxation laws as set out in the Terms. The adjustments made by the Issuer may, in turn, depend on any adjustments made to the Issuer's hedge positions. Please refer to clause 7 in Section 13 of this PDS for the types of adjustments that the Issuer can make. Since these determinations by the Issuer may affect the market value of the Units, the Issuer may have a conflict of interest if it needs to make any such decision.

The Issuer has the discretion to nominate an Early Maturity Event on the occurrence of certain events. You will be given prior notice of any proposed Early Maturity (other than as a result of a Call Event) in accordance with the Terms.

The Final Value of your Units will not be impacted by the negative performance of the lowest performing Component Share up to the Final Maturity Date if a Kick-In Event has not occurred i.e. the Final Value will be \$1.00 per Unit.

Prior to Maturity the fair economic value of the Units (i.e. the Early Maturity Value – where no Call Event has occurred) or the Termination Payment (as determined by the Issuer) will be based on whether a Kick-In Event has occurred and various market factors, such as Component Share return, interest rates, volatility and time remaining to the Final Maturity Date. This may result in the value of the Units being less than \$1.00 per Unit in instances where Early Maturity applies (except in the case of a Call Event where the Early Maturity Value will be \$1.00).

In determining the Early Maturity Value or the Termination Payment, the Issuer may deduct Break Costs in relation to any Early Maturity (except in the case of a Call Event). Break Costs include all costs, expenses and losses incurred by the Issuer as a result of the determination of an Early Maturity Date, Buy-Back Date or other early termination, unwinding of any hedge position entered into by the Issuer in connection with the Units, or any loss of profits by reason of such an early termination. You should be aware that Break Costs could be significant and may not be in your favour.

Investors should read clauses 6 and 7 in the “Terms of the Deferred Purchase Agreement” section to fully understand their rights and obligations if an Adjustment Event or an Early Maturity Event occurs.

The Issuer can postpone the determination of the Component Share Closing Price, Call Date or the Maturity Date if a Market Disruption Event occurs (or continues to occur) on any date on which a calculation or determination is to be made

The determination of the Component Share Closing Price or a calculation or determination may be postponed if the Issuer determines that a Market Disruption Event has occurred or is continuing on the date on which the calculation or determination is to be made, including a Call Date or the Final Maturity Date. The determination made by the Issuer may or may not depend on the Issuer's judgment whether the event has materially interfered with the Issuer's ability to unwind its hedge positions. Since these determinations by the

Issuer may affect the market value of the Units, the Issuer may have a conflict of interest if it needs to make any such decision.

If such a postponement occurs, then the date for the calculation or determination will be the first Trading Day after that day on which no Market Disruption Event occurs or is continuing. In no event, however, will the date for the calculation or determination or the Maturity Date for the Units be postponed by more than eight Trading Days. If the date for the calculation or determination or the Maturity Date is postponed to the last possible day, but a Market Disruption Event occurs or is continuing on such last possible day, then that eighth day will nevertheless be the Maturity Date or the relevant date for the determination or calculation. If a Market Disruption Event is occurring on the last possible date for the calculation or determination of the Maturity Date, the Issuer will, in good faith and in its discretion, determine the observation to be reached for the calculation or determination on that date taking into account such matters as the Issuer, in its sole discretion, sees fit, including but not limited to the method of determining the price or level of the Delivery Asset or Component Shares used in its risk hedges for the Units. For each Component Share which is not affected by a Market Disruption Event on the Maturity Date, the Component Share Closing Price, or any other calculation or determination relating to those Component Shares shall be determined on the originally scheduled Maturity Date (as applicable).

Investors should read clause 7.2 in the “Terms of the Deferred Purchase Agreement” section to fully understand their rights and obligations if a Market Disruption Event occurs.

The Terms of the Deferred Purchase Agreement may change

The Issuer may, from time to time, by notice sent to the Investor make any modification, variation, alteration or deletion of, or addition to the Terms. Changes to the Terms may be made by the Issuer if:

- (a) the change is reasonably determined by the Issuer as being required under clause 6 or 7 of the Terms (provided that the change is not unfair (as defined in Section 12BG of the ASIC Act));
- (b) the change is necessary or desirable in the reasonable opinion of the Issuer to comply with any statutory or other requirement of law; or
- (c) the change is desirable to correct an inconsistency or error in the Terms (but only if such change is not unfair (as defined in section 12BG of the ASIC Act)).

Tax and Regulatory Risk

Australian tax considerations

The expected tax implications of entering into the investment may change as a result of changes in the taxation laws and interpretation of them, for example, if the ATO changes its views in relation to the tax treatment of deferred purchase agreements, as currently set out in Taxation Determinations TD 2008/21 and TD 2008/22. The Taxation Determinations are discussed in greater detail in the Taxation Summary in Section 11 of this PDS. All Investors should seek independent tax advice as to the tax consequences of an investment in Units in light of their own personal circumstances.

The offer of Units and investment in Units are subject to various laws and regulations which may change during the Investment Term. As an example, a change of law may result in the Issuer not being able to transfer a particular Delivery Asset to you which can then lead to a substitution of the Delivery Asset. The impact of tax risk and regulatory risk cannot be ascertained with certainty at the time of investment.

The Issuer is not endorsing an investment in the Units or the Delivery Assets.

The Issuer has not reviewed or analysed the Units or the Delivery Assets to determine whether they are a suitable investment for you. You should seek independent advice on this matter and note that the Issuer does not guarantee the performance of the Units or the Delivery Assets. Nothing in this PDS or marketing material published by the Issuer should be construed as an investment recommendation by the Issuer or any of its Affiliates.

US tax considerations

Section 871(m)

Section 871(m) of the US Tax Code requires withholding (up to 30%, depending on whether a treaty applies) on certain financial instruments to the extent that the payments or deemed payments on the financial instruments are contingent upon or determined by reference to U.S.-source dividends. Under proposed U.S. Treasury Department regulations (if finalized in their current form), certain payments or deemed payments with respect to certain equity-linked instruments ("specified ELLs") that reference U.S. stocks may be treated as dividend equivalents ("dividend equivalents") that are subject to U.S. withholding tax at a rate of 30% (or lower treaty rate). Under these proposed regulations, withholding may be required even in the absence of any actual dividend-related payment or adjustment made pursuant to the terms of the instrument. If adopted in their current form, the proposed regulations may impose a withholding tax on payments or deemed payments made on the Units on or after January 1, 2016 that are treated as dividend equivalents for Units acquired on or after March 5, 2014. However, under a recent IRS Notice the IRS announced that it and the Treasury Department intend that final Treasury regulations will provide that "specified ELLs" will exclude equity-linked instruments such as the Units issued prior to 90 days after the date such final Treasury regulations are published. Accordingly, it is expected that Non-US Holders of the Units should not be subject to tax under Section 871(m). However, it is possible that such withholding tax could apply to the Units under these proposed rules if, for example, the Non-U.S. Holder enters into certain subsequent transactions in respect of any of the Component Shares. If withholding is required, the Issuer would be entitled to withhold such taxes without being required to pay any additional amounts with respect to amounts so withheld.

Non-U.S. Investors should consult with their tax advisors regarding the application of Section 871(m) and the regulations thereunder in respect of their acquisition and ownership of the Units.

Time value of money risk

You should take into account the effects of inflation when assessing the potential Final Value of the Units in the future. Inflation erodes the value of money over time. This means that you need to earn at least the level of inflation on your investment over time so that you are not losing money in real (inflation adjusted) terms. For example, if you apply for Units during the Initial Offer Period, agree to pay an Adviser Group Fee of 4.00% and you assume an inflation rate of 1.7% per annum (the approximate level of annual inflation in Australia as at the date of this PDS), for every \$1.00 per Unit of your Total Payment Amount the Final Value per Unit at the Final Maturity Date (in 3 years' time) would need to be \$1.0519 so that you are not losing money in real (inflation adjusted) terms.

Exchange rate risk on Delivery Asset (USD Series only)

The Final Value or Early Maturity Value of Units in the USD Series are determined in USD, but the Delivery Asset is denominated in AUD. Consequently, to determine the quantity of Delivery Assets making up the Delivery Parcel, UBS will convert the Final Value or Early Maturity Value per Unit from USD into AUD at the prevailing exchange rate on the date the Average Price is determined, and calculate the number of Delivery Assets using the Final Value or Early Maturity Value in AUD. If an Investor in the USD Series elects to use the Agency Sale Arrangement, the Issuer will dispose of the Delivery Assets and convert the Sale Proceeds from AUD into USD at the prevailing exchange rate before paying the USD amount to the Investor. Exchange rates used in these conversions will be observed and determined by the Issuer in its absolute discretion. Where an Investor in the USD Series elects to use the Agency Sale Arrangement, the Issuer will use its best endeavours to ensure that the currency conversions from USD into AUD and from AUD into USD are executed at the same exchange rate, so that the Investor will receive an amount equal to the USD denominated Final Value or Early Maturity Value per Unit (less any applicable Costs and Taxes). If an Investor in the USD Series takes physical delivery of the Delivery Parcel and subsequently sells the Delivery Assets and exchanges their funds back into USD then the Investor will be exposed to fluctuations in the USD/AUD exchange rate between the Maturity Date and the date they convert AUD back into USD.

Section 9 – Description of the Issuer, the Arranger and the Guarantor

The information set out below is intended to be a brief summary only of UBS Investments Australia Pty Limited (as Issuer), UBS Securities Australia Limited (as Arranger) and UBS AG (as Guarantor). Investors must make their own assessment of the ability of the Issuer and the Guarantor to meet their obligations in relation to the Units. Nothing in this PDS is or may be relied upon as a representation as to any future event or a promise as to the future

Guarantor

UBS AG (the Guarantor) has granted a Guarantee in respect of certain obligations of the Issuer as described in Section 10 of this PDS.

UBS AG was formed on 29 June 1998 from the merger of Swiss Bank Corporation and Union Bank of Switzerland. UBS AG is the primary operating entity of the UBS group (UBS). UBS Group AG is the holding company of UBS AG and therefore the ultimate holding company of the Issuer. UBS group draws on its over 150-year heritage to serve private, institutional and corporate clients worldwide, as well as retail clients in Switzerland. UBS group's business strategy is centred on its pre-eminent global wealth management businesses and its leading universal bank in Switzerland, complemented by its Global Asset Management business and its Investment Bank, with a focus on capital efficiency and businesses that offer a superior structural growth and profitability outlook. UBS Group AG shares are listed on the New York Stock Exchange and the SIX Swiss Exchange.

The Issuer will provide a copy, free of charge, of any of the following documents to any person who requests such copies during the life of this PDS, by contacting the Issuer on 1800 633 100:

- the latest available annual financial report of UBS AG; and
- the latest available quarterly financial report of UBS AG.

UBS AG's latest available annual and quarterly financial reports can also be downloaded from <http://www.ubs.com/1/e/investors.html>.

Issuer

This PDS is issued by UBS Investments Australia Pty Limited (ABN 79 002 585 677) ("Issuer" or "UBSIA"). The Issuer is an Australian private company and a wholly owned subsidiary of UBS AG. UBS Group AG is the ultimate holding company of the Issuer. The Issuer is a thinly capitalised entity and it is not an Authorised Deposit-Taking Institution under the *Banking Act 1959* (Cth). The obligations of the Issuer are unsecured obligations which rank equally with all of its other unsecured obligations, and in a winding up of the Issuer you may not receive amounts owed under the Deferred Purchase Agreement. However, the Issuer's obligations in respect of the Units are guaranteed by the Guarantor (UBS AG) subject to certain qualifications. The Guarantee is more fully described in Section 10 of this PDS.

The Issuer will provide a copy, free of charge, of the latest available annual financial report for the Guarantor to any person who requests such copies during the life of this PDS, by contacting the Issuer on 1800 633 100.

Arranger

UBSIA does not have an Australian Financial Services Licence. The issue of this PDS in Australia is arranged by UBS Securities Australia Limited ("Arranger" or "UBSSA") (ABN 62 008 586 481; AFSL 231098) pursuant to an intermediary authorisation for the purposes of section 911A(2)(b) of the *Corporations Act*. Pursuant to that section, the Issuer will issue the Units in accordance with the offer made by the Arranger to arrange for such issue of Units.

The Arranger is an Australian unlisted public company and is ultimately owned by UBS Group AG. The Arranger is an Australian Financial Services Licensee under the Corporations Act, a participating organisation of ASX Limited ("ASX"), a participant of ASX Clear Pty Limited (the clearing and settlement facility for the derivatives markets operated by ASX), and a participant of CHESS (the clearing and settlement facility operated by ASX Settlement Pty Limited).

Section 10—Description of the Guarantee

The information set out below is intended to be a brief summary only of the Guarantee provided by UBS AG in favour of Investors. Investors must make their own assessment of the ability of UBS Investments Australia Pty Limited and UBS AG to meet their obligations as Issuer of the Units and as Guarantor respectively. Nothing in this PDS is, or may be relied upon as, a representation as to any future event or a promise as to the future

What is the Guarantee and what does it cover?

UBS AG (the Guarantor) has provided a Guarantee in favour of any Investor (other than a UBS entity) in any financial product issued by the Issuer except where:

- (i) the Guarantor provides notice to the Issuer and the Issuer, as agent for the Guarantor, advises the person to whom the obligations will be owed that the Guarantee will not apply and the notice is provided before the obligation is incurred; or
- (ii) it relates to an obligation incurred by the Issuer on or after the date on which the Guarantor directly or indirectly ceased to beneficially own all of the shares of the Issuer.

As at the date of this PDS, the Guarantor has not provided notice to the Issuer under (i) above, and the Guarantor continues to beneficially own all of the shares of the Issuer. If the Issuer receives notice from the Guarantor that the Guarantee will not apply to any further Units to be issued under this PDS, or if the Guarantor ceases to own all of the shares of the Issuer, then the Issuer will notify Investors and withdraw the offer of Units and return outstanding application monies without interest within 5 Business Days of that event occurring.

If such events do not occur before the Units are issued, the Guarantee will cover the obligations of the Issuer to Investors under the Terms.

Under the terms of the Guarantee, if the Issuer fails to meet a guaranteed obligation, such as an obligation to make a payment or deliver the Delivery Parcel, then the Guarantor will pay the amount in AUD, or make the delivery of the Delivery Parcel on demand by the Investor.

It is important to note that the Guarantee operates in respect of the Issuer's payment and delivery obligations in respect of the Units, but that it is not a guarantee of the performance of UBS Callable Goals or the performance of the Component Shares or Delivery Parcel.

How do Investors make a claim under the Guarantee?

An Investor may make a claim under the Guarantee if the Issuer fails to meet a guaranteed obligation as described above. For example, this may occur if the Issuer fails to make a payment in accordance with the Terms, or fails to deliver the Delivery Parcel in accordance with the Terms. To make a claim, the Investor must provide notice of the claim in writing to UBS AG, Australia Branch (at the address set out below), which will act as the Guarantor's agent. The notice must:

- include the Investor's full name as set out in the Application Form;
- indicate that the Investor is making a claim under the Guarantee;
- indicate that the claim is made in respect of the Investor's holding in UBS Callable Goals Units, and the number of Units held by the Investor;
- provide all information relevant to the claim, including:
 - the obligation or obligations which the Issuer has failed to satisfy;

- the due date for the obligation or obligations the subject of the claim; and
- the monetary amount or particular assets the subject of the claim.

The Investor must also provide any information reasonably required by the Guarantor in order to assess and settle the claim.

Notices to UBS AG in relation to the Guarantee must be sent to:

General Counsel
UBS AG, Australia Branch
Level 16, Chifley Tower,
2 Chifley Square
Sydney, NSW 2000 Australia

or such other address as notified by the Issuer or UBS AG from time to time.

For valid claims, the Guarantor will then make a payment under the Guarantee either by mailing a cheque to the Investor to their address as notified to the Issuer, or paying the money into the account according to the details notified by the Investor to the Issuer. For a delivery of the Delivery Parcel the Guarantor will make the delivery in the same manner as was originally required of the Issuer. Once the payment or delivery is made, this shall discharge absolutely the obligation of the Guarantor to make that payment or delivery to the Investor and the Investor will have no further recourse to the Issuer for such payment or delivery.

Other information

The Guarantee is unconditional and irrevocable and the obligations of the Guarantor under the Guarantee (subject to applicable law) will at all times rank at least equally with all its unsecured and unsubordinated indebtedness and monetary obligations, present and future.

The Guarantor is an overseas entity and no assurance can be given in relation to the enforceability in an overseas jurisdiction of any Australian judgment obtained in relation to any default by them. However, the Guarantee is governed by NSW law and the Guarantor submits to the non-exclusive jurisdiction of the NSW courts in respect of the Guarantee.

The Guarantee is not supported by a charge or other form of security over the assets of the Guarantor. The Guarantee represents general and unsecured contractual obligations of the Guarantor and will rank equally with all of its other unsecured and unsubordinated indebtedness and monetary obligations and in a winding up of the Guarantor you may not receive these amounts.

You can obtain a copy of the Guarantee free of charge by contacting the Issuer on 1800 633 100.

Section 11—Taxation Summary

This summary of Australian tax implications has been prepared by Clayton Utz for the purposes of inclusion in this PDS and any opinions expressed in this tax summary are those of Clayton Utz and not the Issuer.

The discussion contained in this summary outlines the main Australian income tax, GST and stamp duty implications for Australian resident Investors who acquire their Units otherwise than in the course of carrying on a business and hold them on capital account and is subject to the assumptions outlined below. This summary is of a general nature only and does not take into account the specific circumstances of any Investor. This summary does not address the taxation implications for other Investors or Investors in circumstances where the assumptions below do not apply. The taxation consequences for such Investors or in such circumstances may be different to the taxation consequences outlined below.

Taxation laws, their interpretation, and relevant administrative practices may change over the term of an investment in the Units.

Each Investor must take full and sole responsibility for their own investment in Units, the associated taxation implications arising from that investment and any changes in those taxation implications during the course of that investment.

This discussion is provided only for the benefit of the Issuer. The information in this summary does not purport to constitute legal or tax advice. As the taxation implications for each potential Investor may be different, each prospective Investor should obtain their own independent professional taxation advice on the full range of taxation implications applicable to their own individual facts and circumstances.

Assumptions

This summary of the taxation implications for an Investor in Units in the AUD Series and USD Series assumes that:

- the Investor will hold the Units and Delivery Parcel on capital account and will not be a person who is carrying on a business of either trading in securities or investing in securities in the course of which they regularly acquire and dispose of securities;
- an Investor will not change their residency status for Australian tax purposes at any time;
- the Investor is:
 - an individual;
 - a superannuation fund or managed investment scheme whose total assets are less than A\$100 million; or
 - a corporate or other entity whose annual turnover is less than A\$100 million, whose financial assets are less than A\$100 million and whose total assets are less than A\$300 million,

who has not elected for the rules governing the Taxation of Financial Arrangements (**TOFA**) to apply;

- the Investor acquires their Units in the Initial Offer Period;
- the market value of the Beneficial Interest in the Portion of the Delivery Asset will not change from the Issue Date to the Maturity Date;
- a non-resident Investor will not acquire or use the Units or Delivery Assets in carrying on business at or through a permanent establishment in Australia;
- at all times during the term of the investment in Units, BHP Billiton Ltd will be an Australian resident for tax purposes and will be managed and controlled in Australia;
- the Component Shares will be listed company shares;
- neither the Component Shares nor the Delivery Asset will be an equity interest in the Issuer or an entity that is a connected entity of the Issuer;

- the Units in the AUD Series will be denominated in A\$, the Units in the USD Series will be denominated in US\$ and the Delivery Assets for both series will be denominated in A\$;
- there is nothing in the circumstances of the transaction, or in the way it is implemented, that would indicate at commencement of an investment that an Investor would elect to request a buy back of their Units or utilise the Agency Sale Arrangement at a Call Date or at Maturity, and there is nothing in the conduct of an Investor prior to or during their holding period of the Units, that would indicate such an intention;
- any currency exchange entered into will be at the spot rate at the time of exchange;
- the Investor does not enter into a Unit in substitution for an economically equivalent investment that they would otherwise be expected to enter into;
- the aggregate Delivery Assets in all Delivery Parcels (the Delivery Assets being ordinary fully paid shares in BHP Billiton Ltd) and the Delivery Assets held by the associated/related persons of all the Investors do not represent 90% or more of the issued capital of that company; and
- taking into account the Units, the Investor (together with its associates) does not at any time hold and/or have the right to acquire more than 10% of the share capital (and/or other interests giving the Investor a right to vote or to a distribution of profits or capital) in the issuer of the Delivery Assets.

This summary is based on Australian taxation laws in force and administrative practices generally accepted as at the date of this PDS. Any of these may change in future without notice and legislation introduced to give effect to announcements may contain provisions that are currently not contemplated. Future changes in taxation laws, their interpretation or associated administrative practices could affect the treatment of the Investors investment in Units. All references in this summary to legislative provisions are to provisions of the *Income Tax Assessment Act 1936* or the *Income Tax Assessment Act 1997* (together, the "Tax Act").

Australian Resident Investors:

1. Acquisition of Units

Each Unit is an agreement between the Investor and the Issuer for the purchase of the Delivery Parcel on a deferred basis. The Units (and in particular the Investor's rights in respect of each Unit, including the right to receive delivery of the Delivery Parcel) will be capital gains tax assets ("CGT assets") of the Investor for tax purposes. There should be no taxing event for an Investor at the time of acquiring Units.

2. Delivery of the Delivery Parcel

Under the ATO's approach in relation to the taxation of deferred purchase agreements, as outlined in Taxation Determination TD 2008/22, a capital gains tax event ("CGT event") "C2" occurs upon delivery of delivery assets. Subject to the discussion below, if the ATO applies the same treatment to the Units, a CGT event should occur on delivery of the Delivery Parcel to the Investor (or, if the Final Value is nil, on the Maturity Date) in respect of the CGT assets comprised by the Investor's rights under the Units. This approach would apply whether delivery occurs by way of physical delivery to the Investor or by delivery to the Issuer or its nominee on behalf of the Investor (that is, where the Agency Sale Arrangement is utilised).

Under this approach, the Investor is regarded as deriving a capital gain or incurring a capital loss on the happening of this CGT event, equal to the difference between the value of the Delivery Parcel at the time of delivery and the Investor's cost base or reduced cost base (respectively) in the Units. The Investor's cost base and reduced cost base will include the Total Payment Amount (less any reimbursement referable to rounding, plus any incidental costs) (for the USD Series, converted into AUD at the exchange rate applicable at the time of acquisition of the Units).

The Final Value per Unit will not be higher than \$1.00. As a result, for Investors who acquire Units during the Initial Offer Period and consent to pay an Adviser Group Fee of 4.00%, it is expected that no capital gain should arise under the ATO's approach, as the market value of the Delivery Parcel is not likely to exceed the Total Payment Amount (and may only do so where the value of the Delivery Parcel changes between

calculation of the Average Price and the Settlement Date). However, an Investor may incur a capital loss at this time if a Kick-In Event has occurred.

On delivery of the Delivery Parcel, the Investor will also acquire other CGT assets, being the Delivery Assets comprising the Delivery Parcel.

Investors should be aware that the ATO may seek to apply a different treatment to that contained in TD 2008/22 and TD 2008/21.

In Taxation Determination TD 2008/21, the ATO confirmed that a deferred purchase agreement with the features described in TD 2008/21 (which include capital guarantee features and rights to receive coupons during the investment period) will generally not have sufficient "debt-like" characteristics to satisfy the definition of a "security" in the Tax Act. We note that in TD 2008/21 the ATO does not distinguish between fixed and contingent coupons for the purposes of this test.

Investors should be aware that the features of the Units may indicate that the Units have more "debt-like" characteristics than the deferred purchase agreements considered by the ATO in TD 2008/21, as in the absence of a Kick-In Event, if the Units are purchased at the Issue Price and held to Maturity (or an Early Maturity following a Call Event), the Final Value will be equal to \$1.00 per Unit (and therefore greater than the Issue Price).

Nevertheless, the Units also have some non-"debt-like" features, including the fact that the Final Value may be significantly less than the Issue Price if a Kick-In Event occurs. The adverse consequences of a Kick-In Event occurring are significant in that the Investor will be fully exposed to the lowest performing Component Share at a time when the value of that share has fallen by at least 35%. The Issuer has instructed us that the fact that a Kick-In Event can occur, adds genuine equity market risk to the Units which does not exist under vanilla debt instruments issued by an issuer, and guaranteed by a guarantor, of the same credit quality as UBSIA and UBS. Amongst other things, this is reflected in the level of the Periodic Payments. The Issuer has also instructed us that the Units are an equity-like investment and are designed to be held as part of an equity portfolio, for those Investors who are comfortable with a reduced risk exposure to the Reference Basket. As at the issue date, the Issuer expects the value of the Units will be sensitive to changes in the value of the Component Shares, volatility of prices of the Component Shares, dividend yields of Component Shares and correlation between Component Shares (amongst other things), although these sensitivities will change over time and can fluctuate significantly.

Taking these features into account, based on the Issuer's instructions as at the date of this PDS, the Units appear to have sufficient non-debt characteristics so as not to be "securities" as defined in the Tax Act.

We note however that this test of "debt-like" characteristics appearing in TD 2008/21 has not yet been tested. As a result, it cannot be known at this time whether or not the ATO would apply the same reasoning or draw the same conclusions. If the ATO were to treat the Units as being sufficiently "debt-like" to be characterised as a "security" for tax purposes, it might seek to deny any loss that arises on delivery of the Delivery Parcel, and would instead treat the Delivery Parcel as having the same cost base as the Units (as opposed to the market value of the Delivery Parcel, as described below). This would mean that any capital loss arising on delivery of the Delivery Parcel would be deferred until such time as the Investor ultimately disposes of the Delivery Parcel. However, for an Investor who uses the Agency Sale Arrangement to dispose of the Delivery Parcel, there should be no practical difference to the tax outcome in these circumstances.

3. Sale of the Delivery Parcel

When the Investor sells the Delivery Assets comprising the Delivery Parcel, including where the Investor uses the Agency Sale Arrangement, a CGT event "A1" will occur and the Investor will realise a capital gain or capital loss equal to the difference between the Investor's capital proceeds and the cost base or reduced cost base of the Delivery Assets comprising the Delivery Parcel.

Under the ATO's approach in TD 2008/22, the ATO should treat the Investor's cost base and reduced cost base in the Delivery Assets comprising the Delivery Parcel as being equal to the market value of the Delivery Assets at the time of delivery (subject to the comment in paragraph 2 above).

The capital proceeds will include the amount received by the Investor on the sale of the Delivery Assets comprising the Delivery Parcel.

Where the Investor uses the Agency Sale Arrangement, the Investor's capital proceeds will include the Sale Proceeds obtained by the Issuer on behalf of the Investor (this will be the AUD Sale Proceeds, regardless of whether an Investor is paid in USD).

In this circumstance, if those Sale Proceeds closely reflect the market value of the Delivery Assets at the date of delivery, any capital gain or loss should be relatively minimal. We note that Investor's cost base and reduced cost base in the Delivery Assets may be altered if the ATO considers TD 2008/22 does not apply, and that this may impact upon any capital gain or loss in respect of the disposal of the Delivery Assets as discussed in paragraph 2 above.

4. Beneficial Interest

At the time of acquisition of Units the Investor will also acquire a Beneficial Interest in a Portion of the Delivery Assets. This will also be a CGT asset of the Investor. The Investor's cost base in this asset will include any part of the Total Payment Amount applied toward the acquisition of the Beneficial Interest (for the USD Series, converted into AUD at the exchange rate at the time of acquisition of the Units).

On the Maturity Date, the Investor will dispose of the Beneficial Interest. No capital gain or loss should arise in respect of this Beneficial Interest where its market value has not changed since the time of entry into the Units (as has been assumed).

5. Buy-Back of Units

Where the Investor wishes to exit their investment prior to Maturity and requests a buy-back of the Units (including the Beneficial Interest), the Investor will realise a capital gain to the extent that the capital proceeds received in respect of the event exceed its cost base in the Units (including the Beneficial Interest). A capital loss will arise to the extent that the Investor's capital proceeds are less than its reduced cost base in the Units (including the Beneficial Interest).

The Investor's cost base in the Units will include the Total Payment Amount paid by the Investor to acquire the Units (including the Beneficial Interest), (for the USD Series, converted into AUD at the exchange rate at the time of acquisition of the Units), and the capital proceeds will include the total amount received by the Investor as a result of the buy-back. Where the capital proceeds are received in USD, the capital proceeds will be converted into AUD at the exchange rate at the Buy-Back Date.

6. Discount CGT treatment

Investors who are individuals, complying superannuation funds or trusts may be entitled to discount CGT treatment on capital gains where the Investor has held the relevant asset for at least 12 months prior to the disposal (excluding the acquisition and disposal dates). For individuals and trusts, the discount rate is currently 50%. For complying superannuation entities, the discount rate is currently 33 1/3%.

The Investor's acquisition date for the Units (including the Beneficial Interest) should be the date the Investor entered into the Deferred Purchase Agreement (that is, either the Issue Date or the date of the contract for the transfer of the Units to the Investor).

Under the ATO's approach in TD 2008/22, the Investor's acquisition date for the Delivery Assets comprising the Delivery Parcel should be the date of delivery. Accordingly, Investors should be entitled to discount CGT treatment where they dispose of the Delivery Assets at least 12 months after the date of delivery (excluding the delivery and disposal dates).

7. Periodic Payments

Any Periodic Payment received from the Issuer will be included in the assessable income of an Investor at the time it is received (for the USD Series, converted into AUD at the exchange rate at the date it is received).

8. Foreign Exchange (Forex) provisions

For Investors investing in the USD Series, a forex realisation event will occur at the time of payment of the USD Total Payment Amount to the Issuer, and a forex realisation gain or loss will be derived or incurred equal to the difference between the value of the Total Payment Amount determined in Australian dollars at the time of payment and the value of the USD funds determined in Australian dollars at the time they were obtained by the Investor. Any such forex realisation gain will be included in the Investor's assessable income, and any forex realisation loss will be deductible, at the time of payment of the Total Payment Amount.

If an Investor in the USD Series disposes of their Units under an Issuer Buy-Back, a forex realisation gain or loss may arise equal to the difference between the value of the Buy-Back Price determined in AUD on the date of receipt and the value of the Buy-Back Price determined in AUD on the Buy-Back Date. This will be a capital gain or loss unless the Investor elects in writing for the amount to be assessable or deductible. Any such election will be irrevocable and will apply to all future foreign currency denominated transactions of an Investor.

An Investor who elects to use the Agency Sale Arrangement and receives USD may also make a foreign exchange gain or loss on any subsequent disposal of the USD amount received, which should broadly be equal to the difference between the AUD value of the USD amount at the time of disposal and its AUD value at the time of receipt.

An investment in Units should not give rise to any other forex realisation gains or losses for an Investor.

9. TOFA

The TOFA regime in Division 230 applies to tax gains from some financial arrangements on a revenue basis and, where a gain from the arrangement is sufficiently certain at commencement to arise, or becomes sufficiently certain during the term to arise, on an accruals basis over the term of the arrangement. Where a gain from such a financial arrangement is not, and does not become, sufficiently certain to arise prior to the time that it is to be realised, the gain will be taxed on a realisation basis. Alternatively, the TOFA rules provide for certain taxpayers to elect to apply one of a number of alternative methods for the purpose of calculating gains and losses from financial arrangements.

For the purposes of the TOFA provisions, each Unit may constitute a "financial arrangement". However, we do not consider that the ATO should seek to apply the TOFA provisions to an Investor meeting the Assumptions outlined above.

All Investors should obtain independent taxation advice as to the application of TOFA and its implications for the taxation treatment of an investment in Units.

Non-resident Investors:

1. Acquisitions and Disposal of Units and Delivery Parcel

The delivery of the Delivery Parcel, the sale of the Delivery Parcel or the buy-back of the Units should not give rise to Australian income tax consequences for a non-resident Investor who holds the Units on capital account. This is on the basis that although any gain arising upon the occurrence of such an event will have an Australian source, the gain should be a capital gain derived in respect of the disposal of an asset that is not taxable Australian property (pursuant to the assumptions above).

A non-resident Investor who holds the Units or Delivery Parcel on revenue account should seek independent tax advice as the Australian income tax implications will depend on the country in which the Investor is resident and the Investor's personal circumstances. As noted above, a gain may only arise on delivery of the Delivery Parcel where the value of the Delivery Parcel changes between calculation of the Average Price and the Settlement Date.

2. Periodic Payments

An Investor who is resident in a country with which Australia has not concluded a double tax agreement (**DTA**), and other Investors who do not have relief from Australian tax in respect of the Periodic Payments

under a DTA (for example, individuals who do not acquire Units in connection with a business or other enterprise) may be subject to income tax in Australia in respect of any Periodic Payment paid by the Issuer. For these purposes, Periodic Payments received in USD should be converted into AUD at the exchange rate at the time they are received by the Investor. Investors should seek their own independent advice in relation to this issue in light of their own particular circumstances.

An Investor who is resident in a country with which Australia has concluded a DTA should not be subject to income tax in Australia in respect of any Periodic Payment paid by the Issuer where the relevant DTA provides the Investor with relief from income tax in Australia in respect of such amounts. This will generally be the case under most of Australia's DTAs where the amount is received in connection with a business or other enterprise of the Investor (other than one carried on through a permanent establishment in Australia, which is assumed not to be the case). However Investors should consider the terms of the DTA that is applicable to them in light of their own particular circumstances.

3. Lodgement of income tax returns

An Investor who is subject to Australian income tax will generally be required to lodge an Australian income tax return in respect of the income year in which the income is derived and will be liable to pay income tax at the marginal tax rates applying to non-residents in respect of this amount. Investors should also obtain independent tax advice on the implications arising in relation to an investment in Units under the tax laws of their home jurisdiction (for example, in relation to the availability of any relief from double taxation).

4. Withholding tax

A Periodic Payment paid by the Issuer to a non-resident Investor should not be subject to Australian withholding tax on the basis that it is not a dividend, royalty, interest or an amount in the nature of, or paid in substitution for, interest.

Investors should be aware that it is possible that the ATO may take the view that a Periodic Payment should be treated in the same way as interest, and seek to impose withholding tax on any Periodic Payment. In this circumstance, the Issuer would be required to withhold 10% of the Periodic Payment and remit it to the ATO. Where the Issuer fails or has failed to do so, the ATO may pursue either the Investor or the Issuer for any shortfall, however, in the latter case, the Terms provide for the Issuer to be indemnified by the Investor for any amount the Issuer is required to pay to the ATO. In addition, an Investor may be directly liable to the ATO for interest on the unpaid amount.

In addition, Periodic Payments should not be subject to the non-resident withholding provisions in Subdivision 12-FB of schedule 1 of the *Taxation Administration Act 1953*.

5. Tax administration

Investors should note that if the Issuer owes (or may later owe) money to an Investor, the ATO may give the Issuer a notice under section 260-5 of Schedule 1 of the *Taxation Administration Act 1953* requiring the Issuer to pay to the ATO any moneys owed by the Issuer to the Investor in order to satisfy any tax related liability of the Investor (whether arising in relation to the investment in Units or otherwise), regardless of where the Investor is resident.

Part IVA

Part IVA is a general anti-avoidance provision which applies where the dominant purpose of a taxpayer (or any other person) in entering into a "scheme" is to obtain a "tax benefit".

Whilst the application of Part IVA can only be conclusively determined on an examination of an Investor's individual circumstances, Part IVA should not apply to a typical Investor acquiring Units. This conclusion relies upon the correctness of the assumptions outlined above in relation to a typical Investor. Investors should however obtain their own independent advice on the application of Part IVA in their own particular circumstances.

GST

The *A New Tax System (Goods and Services Tax) Act 1999* ("GST Act") and related legislation impose a goods and services tax ("GST") on certain "supplies". GST is payable on "taxable supplies". However, GST is not payable on supplies that fall within a category of "input taxed" or "GST-free" supplies. The *A New Tax System (Goods and Services Tax) Regulations 1999* identify a range of "financial supplies" that are input taxed.

The acquisition of Units by the Investor, the receipt of the Periodic Payment by the Investor, the delivery of the Delivery Parcel (consisting of the Delivery Assets) on Maturity, the sale of the Delivery Assets by the Investor, and the buy back of Units will not give rise to a liability to pay GST under the current GST law.

However, if GST were to become payable by the Issuer or any other person in connection with the purchase, sale or transfer of a Unit, a Delivery Asset or rights, or any other supply made under or in connection with the Terms of the Units then the Issuer would be entitled to recover an additional amount on account of GST from the Investor.

The Issuer may be restricted in its ability to claim input tax credits for certain acquisitions that it makes. In the event that the Issuer is precluded from claiming a full input tax credit for an acquisition, the Issuer would be entitled to pass on the whole of its cost to the Investor, taking into account any input tax credits that are not available. In such a case, the value of the Units held by an Investor may be reduced.

The Adviser Group Fee that is collected and paid to the Approved Adviser Group by the Issuer on the Investor's behalf may be subject to GST and include a GST component. Investors should obtain their own advice as to whether an input tax credit is available for any such GST component, as it will depend upon each Investor's individual circumstances.

Stamp duty

Under current laws, the acquisition of Units by the Investor, the delivery of the Delivery Parcel (consisting of the Delivery Assets) on Maturity or Early Maturity (including the occurrence of a Call Event), the sale of the Delivery Assets by the Investor (including where the Investor uses the Agency Sale Arrangement at a Call Date or on Maturity), and the buy back of Units by the Issuer will not be liable to duty provided that the Delivery Assets satisfy the requirements of the exemption from transfer or conveyance duty for quoted or listed securities under applicable stamp duty laws at the time of the acquisition, delivery, sale or buy back as relevant.

If stamp duty becomes payable by the Issuer or any other person in connection with the purchase, sale or transfer of a Delivery Asset or in connection with the Terms of the Units, then the Issuer can require an Investor to pay such stamp duty.

Other events and circumstances

There may be other events or circumstances affecting an investment in the Units and the Delivery Assets that give rise to tax implications for Investors that are not discussed in this summary. Investors should seek their own independent advice in relation to such other events or circumstances.

Obligations and rights of the Issuer and the Guarantor

The obligations of the Issuer to pay sums and to deliver assets (including delivery of the Delivery Parcel) in respect of the Units are unsecured obligations of the Issuer which will rank equally with all other unsecured obligations of the Issuer and in a winding up of the Issuer you may not receive these amounts. UBS AG has granted a Guarantee in respect of certain obligations of the Issuer on the terms summarised in Section 10. More information on the Issuer, the Arranger and the Guarantor is set out in Section 9.

The Issuer reserves the right to buy back Units that have been issued pursuant to the Issuer Buy-Back. The Issuer may cancel at its option the Units bought back.

Applications can be lodged at any time during the Initial Offer Period or General Offer Period for the Units, subject to the right of the Issuer to close the offer at an earlier date without prior notice. No cooling off rights apply in respect of a purchase of the Units.

Section 13—Terms of the Deferred Purchase Agreement

These Terms (including, in respect of a Series, those set out in the Term Sheet for that Series) form the Terms and conditions on which the Investor agrees to acquire the Delivery Parcel from the Issuer under the Units. Capitalised words have the meaning given to them in the “Glossary” section of the PDS.

1. APPLICATIONS AND ACCEPTANCE

1.1 Offer by the Investor

An Investor may make an offer to the Issuer to acquire the Delivery Parcel from the Issuer on a deferred basis in accordance with these Terms:

- (a) by completing and returning a valid Application Form to your Financial Adviser and ensuring your Financial Adviser or the Approved Adviser Group provides the Application Form to the Issuer before the Offer Period Close; and
- (b) by ensuring that an amount equal to the Total Payment Amount is received by the Issuer in cleared funds by the Payment Date (or such other time if accepted by the Issuer in its discretion).

1.2 Investor bound by Terms

By signing the Application Form and arranging for the Financial Adviser or Approved Adviser Group to lodge it with the Issuer, the Investor agrees to be bound by these Terms, including any variation to these Terms, as notified to the Investor in accordance with these Terms, provided that the variation is not unfair to the Investor (as defined in Section 12BG of the ASIC Act).

1.3 Acceptance of the offer by the Issuer

- (a) The Issuer may decide in its absolute discretion whether or not it will accept the Investor's offer to acquire the Delivery Parcel from the Issuer and whether or not to issue the Units.
- (b) If the Issuer decides that it will accept an Application and provided that the Issuer has received the Total Payment Amount in cleared funds by the Payment Date (or such other time if otherwise accepted by the Issuer in its discretion), acceptance of the Investor's offer will take place, and the parties' rights and obligations under these Terms will commence, on the Issue Date. The Investor will be entitled to the number of Units calculated as follows:

$$\text{Number of Units} = \frac{\text{Total Investment Amount}}{\text{Purchase Price per Unit}}$$

rounded down to the nearest whole Unit.

- (c) Within 10 Business Days of the Issue Date of a Series, if the Issuer accepts an Investor's offer, the Issuer will send to the Investor a Confirmation Notice acknowledging either the acceptance or rejection of an Investor's offer and setting out the number of Units purchased and any relevant details of the Unit, such as the Starting Prices for the Component Shares, Call Dates and the Periodic Payment Amount.

2. APPOINTMENT OF REGISTRAR

- (a) The Issuer will either act as Registrar or appoint the Registrar set out in the Term Sheet. The Registrar will be responsible for establishing and maintaining a separate Register for each Series of Units issued by the Issuer during the term of the Registrar's appointment. The Register will be established and maintained in Sydney (or any other place in Australia as the Issuer and the Registrar may agree).

- (b) The Investor acknowledges and agrees that the Register will be conclusive evidence of ownership of interests in the Units. The Issuer is not required to recognise any interest in Units not recorded in the Register.

3. DEFERRED PURCHASE OF DELIVERY ASSETS

3.1 Purchase of Delivery Assets

The Investor agrees to purchase from the Issuer the Delivery Parcel for the Total Investment Amount (which forms part of the Total Payment Amount which will be paid by the Investor in accordance with clause 3.2). Following Maturity, the Issuer will deliver the Delivery Parcel to the Investor in accordance with clause 5.

3.2 Payment of the Total Payment Amount

- (a) The Investor must pay the Total Payment Amount to the Issuer in cleared funds by the Payment Date (or such other time if otherwise accepted by the Issuer in its discretion).
- (b) The Minimum Total Payment Amount for which an Application will be accepted by the Issuer under these Terms in respect of a Series is the Minimum Total Payment Amount set out in the Term Sheet for that Series (or such lower amount as accepted by the Issuer in its discretion).

3.3 Periodic Payment

- (a) The Issuer may, following each Periodic Payment Determination Date, pay a Periodic Payment to the Investor, calculated as described in the Term Sheet and subject to the conditions described in the Term Sheet.
- (b) Any Periodic Payment will be paid to the Investor on the relevant Periodic Payment Date.
- (c) If a Call Event occurs on a Periodic Payment Determination Date, the relevant Periodic Payment will be paid despite the occurrence of the Call Event.

4. KICK-IN EVENTS

The occurrence of a Kick-In Event will affect the Final Value used to calculate the Delivery Parcel as set out in the Term Sheet.

5. MATURITY AND SETTLEMENT OF DEFERRED PURCHASE

5.1 Notice of Maturity

The Issuer will, unless otherwise specified in the PDS:

- (a) give a Maturity Notice to the Investor approximately twenty (20) Business Days before the Final Maturity Date; and
- (b) give a Call Date reminder notice and Standing Election Notice to the Investor approximately twenty (20) Business Days before the first Call Date. If a Call Event occurs on that Call Date or any subsequent Call Date, then that Call Date reminder notice will serve as the Maturity Notice for the purposes of these Terms.

5.2 Effecting Maturity

- (a) If the Investor wishes to use the Agency Sale Arrangement, the Investor must return the Maturity Notice or Standing Election Notice to the Issuer on the date which is at least 5 Business Days before the Maturity Date or a Call Date, specifying in the Maturity Notice or the Standing Election Notice that the Investor will use the Agency Sale Arrangement.
- (b) If the Investor:
 - (i) does not lodge a Maturity Notice or Standing Election Notice with the Issuer by the date which is at least 5 Business Days before the Maturity Date or Call Date; or

- (ii) returns the Maturity Notice or Standing Election Notice to the Issuer by the date which is at least 5 Business Days before the Maturity Date and the Investor has not elected in the Maturity Notice or Standing Election Notice to use the Agency Sale Arrangement; or
- (iii) withdraws or revokes a Standing Election Notice provided under clause 5.2(a) at least 5 Business Days prior to a Call Date,

physical delivery of the Delivery Parcel will occur in accordance with clause 5.3.

5.3 Physical delivery of the Delivery Assets to the Investor

Unless the Investor has elected on the Maturity Notice or Standing Election Notice to use the Agency Sale Arrangement:

- (a) the Issuer (either itself or through a nominee) will procure the performance of all acts required of a transferor of marketable securities under the ASX Settlement Operating Rules for ASX listed Delivery Assets to enable the Delivery Parcel to be transferred to the Investor (or the Investor's nominee) on the Settlement Date or as soon as possible thereafter, free from any security interest or third party interest or restriction on transfer (other than one that has been accepted by the ASX for the purposes of quotation of the property comprising the Delivery Assets); and
- (b) in respect of ASX listed Delivery Assets, the Investor irrevocably authorises the Issuer and any of its nominees, at the option of the Issuer, to act as the Investor's agent to do all things required to be done, including but not limited to supplying the Investor's HIN, to effect the delivery of the Delivery Parcel to the Investor (or the Investor's nominee); and
- (c) investors who are CHESS sponsored with the Issuer or the Issuer's nominees will receive delivery of the Delivery Parcel in their Issuer (or Issuer's nominee) sponsored account. Investors who are not CHESS sponsored with the Issuer or the Issuer's nominees, will have their Delivery Parcel delivered to the register of the Delivery Asset issuer.

5.4 Delivery through the Agency Sale Arrangement

If the Investor has elected to use the Agency Sale Arrangement, the Issuer (either itself or through a nominee) will procure the delivery of the Delivery Parcel as follows:

- (a) the Issuer or its nominees are irrevocably authorised to accept physical delivery of the Delivery Parcel for and on behalf of the Investor;
- (b) the Investor irrevocably authorises the Issuer or its nominees to sell, and irrevocably directs and authorises the Issuer or any of its nominees to take all actions necessary or desirable to effect the sale by the Issuer or its nominees of, the Delivery Parcel for and on behalf of the Investor;
- (c) the Issuer or its nominees on behalf of the Issuer will pay to the Investor's Settlement Account (or pay by cheque to the Investor if no Settlement Account is nominated) the Sale Proceeds, within 10 Business Days of the Settlement Date or as soon as reasonably practicable thereafter; and
- (d) the Investor acknowledges and agrees that:
 - (i) the Issuer or its nominees agree to sell the Delivery Parcel on behalf of the Investor for an amount per Delivery Asset equal to the Average Price;
 - (ii) to the maximum extent permitted by law, the Issuer and its nominees are not responsible for any loss, costs or expense incurred by the Investor as a result of using the Agency Sale Arrangement, except to the extent that such loss, cost or expense arises as a result of the Issuer's or the nominee's gross negligence, wilful default, fraud or dishonesty; and
 - (iii) the Issuer and its nominees will use their best endeavours to sell the relevant Delivery Parcel in accordance with clause 5.4(d)(i). If, for any reason whatsoever, the Issuer and its nominees are unable to sell the relevant Delivery Parcel at the Average Price, the Investor irrevocably authorises the Issuer and its nominees to use reasonable endeavours to sell the relevant Delivery Parcel as soon as reasonably practicable for the market price applicable at the time of sale.

5.5 Satisfaction of obligations

Upon delivery of the Delivery Parcel to the Investor in accordance with clause 5.3 or payment by the Issuer or its nominee (on behalf of the Issuer) to the Investor of the Sale Proceeds under clause 5.4(c), the Issuer's obligations to the Investor under these Terms are satisfied in full and discharged.

5.6 Delivery of a whole number of Delivery Assets only

The Issuer or its nominee will not transfer a fractional Delivery Asset or parts of a Delivery Asset. If after aggregating all Delivery Assets transferred to an Investor on the Settlement Date (or any other date), and if any fractional share would be transferable by the Issuer on the Settlement Date (or any other date), the Issuer will cause to be paid to the Investor (within 10 Business Days of the Settlement Date or as soon as reasonably practicable thereafter) an amount (converted into USD for Units in USD Series 52) equal to the value of the fraction of the share forgone based on the Average Price provided that such amount exceeds twenty Australian dollars (A\$20.00). If the amount does not exceed A\$20.00, the Issuer is under no obligation to the Investor to make any payment for the fractional share. Upon payment of the amount under this clause, the Issuer is discharged of its obligation to deliver the fraction of the share forgone.

5.7 Substitution of Delivery Assets

The Issuer may determine that it is not possible or efficient to obtain or to transfer one or more of the Delivery Assets comprising the Delivery Parcel to the Investor due to legal or regulatory restrictions relating to the Delivery Assets (including but not limited to cessation or Suspension from listing) or the Issuer, including but not limited to trade limitations resulting from internal conflict arrangements. In this case, Maturity will take place in accordance with clause 5 (or, in the case of an Early Maturity, in accordance with clause 6.4(a)) except that the Issuer may delay delivery or substitute the Delivery Asset for any other security quoted and trading on ASX (including any other security or any other fund or entity listed on ASX) that is included in the S&P/ASX200 Index, and deliver that substituted security in accordance with these Terms as if the definition of "Delivery Asset" was amended to refer to the substituted security.

6. EARLY MATURITY

6.1 Early Maturity by the Issuer

A Call Event will be an Early Maturity Event (in which case the Early Maturity Value of Units will be equal to \$1.00 per Unit), and the Issuer may at any time (acting reasonably), nominate any of the following events as an Early Maturity Event:

- (a) an event considered to be an Early Maturity Event as described in the PDS (whether or not specifically described as an Early Maturity Event);
- (b) an Adjustment Event occurs or is proposed to occur and in the Issuer's reasonable opinion it is not possible to deal with the occurrence of that event in accordance with clause 7;
- (c) if the Issuer determines in good faith that the performance of its obligations in relation to or under these Terms has or will become, in circumstances beyond the reasonable control of the Issuer, impossible, unlawful, illegal or otherwise prohibited as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any government, administrative, legislative or judicial authority or power;
- (d) the Issuer has or will become obliged to pay additional amounts as a result of any change in, or amendment to, the laws or regulation of or any political subdivision or any authority thereof or therein having power to Tax, or change in the application of official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date;
- (e) if the Issuer determines in good faith that due to any action taken by a taxing authority or brought by a court of competent jurisdiction or a change in tax law, that there is a substantial likelihood of the Issuer being required to pay a materially increased amount in respect of a tax in respect of its rights under and the performance of its obligations under the Terms;

- (f) If you or the Issuer:
 - (i) becomes unable to pay its debts as they fall due;
 - (ii) goes into or proposes to go into liquidation or passes a winding up resolution or commences steps for winding up or dissolution or becomes deregistered;
 - (iii) enters into, or proposes to enter into, any arrangement, compromise or composition with or assignment of the benefit of its creditors or class of them;
 - (iv) is presented or threatened with a petition or other process for winding up or dissolution or becomes aware of circumstances justifying such a petition or process; or
 - (v) has a receiver, receiver and manager, judicial manager, liquidator, administrator or official manager appointed, over the whole or a substantial part of the Issuer's undertaking or property or becomes aware of circumstances justifying such an appointment; or
- (g) any actual or proposed event that may (in the Issuer's reasonable opinion acting in good faith) be expected to lead to any of the events referred to in paragraphs (a) to (f) above occurring.

If any event occurs which constitutes both an Adjustment Event and an Early Maturity Event as defined in this clause, the Issuer may treat that event as either an Adjustment Event or Early Maturity Event and notify the Investor accordingly.

6.2 Determination that there will be an Early Maturity

Where the Issuer has nominated an event as an Early Maturity Event, the Issuer may in its absolute discretion determine that there will be an Early Maturity and may specify a date as the Early Maturity Date. In the case of a Call Event, the Early Maturity Date will be the relevant Call Date.

6.3 Investor Requested Issuer Buy-Back

The Investor may request the Issuer to buy back their Units on a Weekly Pricing Date by giving an Investor Sale Form to the Issuer ("Issuer Buy-Back"). An Issuer Buy-Back can only be requested in parcels of 1,000 Units and the Investor's residual holding must be at least 20,000 Units. Once lodged the request for an Issuer Buy-Back is irrevocable. Upon making the request:

- (a) The Investor acknowledges that the Buy-Back Price may be less than their Purchase Price per Unit.
- (b) The Issuer will, as soon as practicable after the request is received determine whether to accept or reject the request. If the request is accepted, the Issuer must execute the Issuer Buy-Back on the Buy-Back Date. The Investor acknowledges that the Buy-Back Date will depend, in part, upon the Issuer's ability to liquidate its hedging arrangement (if any), as applicable to that Series, and may require the Issuer to delay and hold over an Issuer Buy-Back request.
- (c) The Issuer will, in its absolute discretion, determine the Buy-Back Price for the purchase of the Investor's Units. The Buy-Back Price will be calculated by reference to the fair market value of the Units on the Buy-Back Date, less Costs and Taxes and Break Costs. The Issuer will, upon request, provide an Investor with an estimate of the Buy-Back Price before effecting the buy-back. The Investor acknowledges this is an estimate only and the actual Buy-Back Price on the Buy-Back Date may be significantly less than the estimate. The Issuer will notify the Investor of the actual Buy-Back Price in the Settlement Notice. The Buy-Back Price will be in AUD for AUD Series 52, and will be in USD for USD Series 52.
- (d) Upon payment by the Issuer of the Buy-Back Price to an Investor all of the Issuer's obligations to the Investor under these Terms are deemed to be satisfied and discharged in full.
- (e) Upon payment of the Buy-Back Price the Issuer will arrange for an Investor's name and details to be removed from the Register.

6.4 Early Maturity Mechanism

- (a) If the Issuer determines that there will be an Early Maturity or there is an Early Maturity as a result of a Call Event, the Early Maturity will take place as follows:
 - (i) if
 - (A) Early Maturity occurs as a result of a Call Event, the Maturity process will occur in accordance with clause 6.4(a)(ii) and the Call Date on which the Call Event occurs will be the Early Maturity Date;
 - (B) Early Maturity occurs other than as a result of a Call Event, the Issuer will, before the Early Maturity Date, notify the Investor that Early Maturity will occur on the Early Maturity Date in accordance with clause 6 of these Terms. The Early Maturity Notice issued by the Issuer under this clause shall serve as the Maturity Notice. The Issuer will specify in the Early Maturity Notice whether Early Maturity will occur by the maturity process in accordance with clause 6.4(a)(ii) or by Termination Payment in accordance with clause 6.4(a)(iii).
 - (ii) If specified in the Early Maturity Notice or if a Call Event occurs and subject to clause 6.4(b), Early Maturity will take place in accordance with the procedures set out in clauses 5.2 to 5.7 of these Terms.
 - (iii) If specified in the Early Maturity Notice, Early Maturity will occur by the Issuer paying the Termination Payment to the Investor's Settlement Account (or by cheque to the Investor if no Settlement Account is nominated) by the Settlement Date or as soon as practicable thereafter.
 - (iv) After the Delivery Parcel is delivered to the Investor under clause 5.3 or the Issuer (or its nominee) pays the Investor the Termination Payment in accordance with clause 6.4(a) (iii) or the relevant amount in respect of the Delivery Parcel under clause 5.4 as a result of an Early Maturity Event occurring, all obligations of the Issuer to the Investor under these Terms are deemed to be satisfied in full and the Issuer is discharged from its obligations under these Terms. This clause does not discharge the Issuer of its obligations under the Privacy Act or the terms of its privacy policy.
- (b) If there is an Early Maturity by the Issuer, and the Issuer has specified that Early Maturity will occur in accordance with clause 6.4(a)(ii) of the Terms, the Delivery Parcel will be determined in accordance with the definition of "Delivery Parcel" in the Glossary section of the PDS.

6.5 Impact of Early Maturity, Issuer Buy-Back or Kick-In Event

- (a) The Early Maturity Value, Buy-Back Price or Final Value may be less than \$1.00 per Unit if there is an Early Maturity Event (except in the case of a Call Event), an Investor requested Issuer Buy-Back, or a Kick-In Event occurs.
- (b) Without limiting the foregoing, in determining the Early Maturity Value, Termination Payment or the Buy-Back Price the Issuer may deduct any costs, losses or expenses that it reasonably incurs in relation to the Early Maturity or Issuer Buy-Back, including without limitation, Costs and Taxes, Break Costs, administrative costs, costs of unwinding any hedge put in place for the purposes of meeting its obligations under these Terms, and any cost of funding or any loss of bargain.

6.6 Possible reduction of value on Early Maturity

If there is an Early Maturity, the Issuer does not guarantee to deliver to the Investor a Delivery Parcel based on the Final Value. For the avoidance of doubt, when there is an Early Maturity other than as a result of a Call Event (and the Issuer elects to apply the maturity process in accordance with clause 6.4(a)(ii)) the Delivery Parcel will only be determined in accordance with clause 6.4(b). In the case of a Call Event, Investors will receive a Delivery Parcel with an Early Maturity Value of \$1.00 per Unit.

6.7 Adjustments to this clause

Subject to clause 15, where the Issuer reasonably determines that any of the provisions of this clause 6 are not appropriate in any particular circumstances, or that any event which is not dealt with in clause 6 should have been dealt with, it may make any alterations to the effect of this provision or any other Term that it considers to be reasonably appropriate provided that the alteration is not unfair (as defined in section 12BG of the ASIC Act).

7. ADJUSTMENT EVENTS AND MARKET DISRUPTION EVENTS

7.1 Adjustment Events

If an Adjustment Event occurs or is proposed to occur on or before the Maturity Date, the Issuer may in its absolute discretion elect to do any or all of the following:

- (a) substitute part or all of the affected Component Shares or Reference Basket with any other asset; and/or
- (b) substitute the Delivery Asset with any other security quoted and trading on the ASX, that is included in the S&P/ASX200 Index or, if a basket of Delivery Assets is being delivered, withdraw the affected Delivery Assets and deliver the remaining Delivery Assets; and/or
- (c) adjust, change, delay or amend any variable, date, including but not limited to the Periodic Payment Determination Dates, Call Dates, Periodic Payment Amount, Periodic Payment Date, Kick-In Prices, formula, amount or calculation as set out or used in these Terms (including the PDS and Term Sheet); and/or
- (d) adjust, amend or substitute the definition of Component Shares, Reference Basket or Delivery Asset; and/or
- (e) vary any of the Terms referred to in the PDS; and/or
- (f) determine to suspend, defer, delay or bring forward any of the necessary calculations referred to in these Terms as appropriate until reliable values can be obtained,

either:

- (A) in a manner consistent with any adjustment or change made to the Issuer's hedging arrangement; or
- (B) as determined by the Issuer, provided that, in the reasonable opinion of the Issuer, the adjustment in accordance with this sub-paragraph (B) is appropriate to put both the Issuer and the Investor in as similar an economic position as reasonably possible as the Investor and the Issuer would have been in had the Adjustment Event not occurred.

If, in the reasonable opinion of the Issuer, it is not possible to deal with the occurrence of the Adjustment Event in accordance with this clause 7, the Issuer may nominate the event as an Early Maturity Event and may deal with that event in accordance with clause 6. The Issuer will notify Investors of any adjustment that it proposes to make under this clause before the adjustment occurs or if it is not possible to notify before adjustment as soon as reasonably practicable after the adjustment occurs, and the Issuer will reasonably determine and notify Investors of the effective date of that adjustment.

7.2 Market Disruption Events

- (a) If there is a Market Disruption Event affecting one or more Component Shares or the Delivery Asset on any date that a payment, calculation, adjustment, amendment or determination is to be made (including a Call Date and the Maturity Date and the ASX Trading Day immediately following the Final Maturity Date or Early Maturity Date) (each an "Affected Component Share"), the Issuer may reasonably determine in its discretion either:
 - (i) to take any action required to reflect any adjustment, change, substitution, delay, suspension or other action taken in relation to its hedging arrangements; or

- (ii) that the date for the determination or calculation in relation to that Affected Component Share or the Final Maturity Date is to be the first succeeding Trading Day on which there is no Market Disruption Event in respect of the Affected Component Share, and the relevant date for the making of such calculation or determination for each Component Share that is not affected by the occurrence of a Market Disruption Event shall be the original scheduled date. However, if there is a Market Disruption Event in respect of an Affected Component Share on each of the 8 Trading Days immediately following the original date that, but for the Market Disruption Event, would have been the date on which the determination or calculation was made or the Final Maturity Date, then:
 - (i) that 8th Trading Day is to be taken to be the Maturity Date or the relevant date for the determination or calculation (as applicable) in respect of the Affected Component Share, despite the Market Disruption Event; and
 - (ii) the Issuer must on that 8th Trading Day in good faith and in its discretion determine the Closing Price of the Affected Component Share or other observation to be reached for the calculation or determination on that date taking into account such matters as the Issuer, in its sole discretion, sees fit, including but not limited to the method of determining the price of the Affected Component Share used in its risk hedges for the Units.
- (b) If there is a Market Disruption Event affecting the Delivery Asset or the Component Share during the Investment Term, then the Issuer may treat the Market Disruption Event as an Adjustment Event under this clause 7, including to nominate the event as an Early Maturity Event.
- (c) The Issuer must, as soon as practicable (and in no event later than five Business Days after the original date that, but for the occurrence or existence of a Market Disruption Event, would have been the date on which the determination or calculation was made or the Final Maturity Date) notify Investors of the existence or occurrence of a Market Disruption Event.
- (d) If an event is both a Market Disruption Event and an Adjustment Event, the Issuer may, acting in good faith and a commercially reasonable manner, determine whether to treat the event as either a Market Disruption Event or an Adjustment Event or both (if possible).

8. ACCRETIONS

These Terms do not confer on the Investor any right or interest in respect of Accretions to the Component Shares or Accretions to the Delivery Assets arising prior to delivery of the Delivery Assets. Accretions to the Delivery Assets or the Component Shares may lead to adjustments as provided for in clause 7 of these Terms.

9. THE ISSUER'S OBLIGATIONS ARE UNSECURED

The Issuer's obligations under these Terms (including in relation to the deferred purchase of the Delivery Assets) are direct, unconditional and unsecured obligations of the Issuer and these obligations rank equally with the Issuer's existing unsecured debt, subject to insolvency, banking or similar laws affecting creditors' rights generally.

10. BENEFICIAL INTEREST IN THE PORTION OF THE DELIVERY ASSET

- (a) Upon acceptance by the Issuer of the Investor's Application for Units, the Investor receives, in respect of their Total Investment Amount, a beneficial interest in a Portion of the Delivery Asset on the Issue Date. The Investor holds the Beneficial Interest until the earlier of the Maturity Date or transfer of their Units in accordance with these Terms.
- (b) An Investor may only deal with the Beneficial Interest in accordance with these Terms.
- (c) The Beneficial Interest forms part of the Units held by the Investor and may not be severed from the balance of the rights in connection with those Units or dealt with separately in any way.

- (d) When an Investor deals with a Unit in any way, then without the need for any additional writing or action, the same dealing between the same parties shall occur in respect of the corresponding Beneficial Interest. When an Investor deals with a Beneficial Interest in any way, then without the need for any additional writing or action, the same dealing between the same parties shall occur in respect of the corresponding Unit. For example, when an Investor (the “old holder”) transfers a Unit to another person (the “new holder”):
 - (i) all the rights and obligations that attach to that Unit, including the Beneficial Interest are transferred from the old holder to the new holder;
 - (ii) the old holder’s interest in the Unit will be removed from the Register and the new holder will be added to the Register; and
 - (iii) the old holder ceases to have any rights in relation to the Unit or the Beneficial Interest.
- (e) If any Investor purports to deal with a Unit without an equivalent dealing in the corresponding Beneficial Interest, or if any Investor purports to deal with a Beneficial Interest without an equivalent dealing in the corresponding Unit, or if any Investor purports to contract out of this clause in any way, any such dealing will be void and the Unit and the Beneficial Interest will remain with the Investor recorded on the register of holders.
- (f) The Issuer or its nominee will hold the Portion of the Delivery Asset from the Issue Date until the Maturity Date and will be entitled to retain any distributions made in connection with those assets, exercise all voting rights and will not be required to pass any notice of meeting or other material in connection with those assets to the Investor. On the Maturity Date, the Issuer will sell the Portion of the Delivery Asset and the sale proceeds from this sale will be included in the Final Value.
- (g) The Investor agrees and acknowledges that the agreement to purchase the Delivery Assets as set out in these Terms and the payment of the Total Investment Amount does not transfer the legal or beneficial interest in the Delivery Assets to the Investor other than the Beneficial Interest in a Portion of the Delivery Asset. The parties agree and acknowledge that the legal or beneficial interest in the balance of the Delivery Assets will transfer to the Investor only on the Settlement Date. If the Issuer fails to deliver the balance of the Delivery Parcel to the Investor in accordance with these Terms, the Investor agrees that it will not be entitled to an injunction, specific performance or any other equitable rights or remedies and will be entitled only to damages.

11. TAXES

- (a) The Issuer is not liable for any Taxes or other charges:
 - (i) payable by the Investor in relation to or in connection with these Terms; or
 - (ii) payable by the Issuer or any other person on, as a consequence of, or in connection with, the purchase, sale or transfer of a Delivery Asset or rights, the payment of any Periodic Payment, or any other supply made under or in connection with these Terms.
- (b) The Investor must:
 - (i) pay all Taxes (including GST) and other charges for which the Investor becomes liable in relation to or in connection with these Terms; or
 - (ii) pay an additional amount to the Issuer on demand equal to any applicable Taxes (including GST) and other charges for which the Issuer or any other person becomes liable on, as a consequence of, or in connection with, the purchase, sale or transfer of a Delivery Asset or rights, the payment of any Periodic Payment, or any other supply made under or in connection with these Terms.

12. INVESTOR'S REPRESENTATIONS AND WARRANTIES

12.1 General

- (b) the Investor has reviewed these Terms and has made its own independent investigations and appraisals of the taxation, legal, commercial and credit aspects associated with the purchase of the Delivery Assets;
- (c) the Investor has not relied in any way on any statements made by the Issuer or its related entities or their servants, agents, employees or representatives in relation to these Terms or the deferred purchase of the Delivery Assets and the Investor acknowledges that the Issuer has not made any representations to the Investor regarding the suitability or appropriateness of the deferred purchase of Delivery Assets pursuant to these Terms;
- (d) the Investor understands that nothing in these Terms or any marketing material associated with these Terms can be considered financial product advice or a recommendation to invest in the Units or to acquire the Delivery Assets;
- (e) the Investor has obtained all consents which may be required by law to enable the Investor, as the case may be, to acquire the Delivery Assets and to become registered as the holder of the Delivery Assets and the registration of the Investor as the holder of the Delivery Assets will not contravene any law, regulation or ruling or the constitution of the issuer of the Delivery Assets;
- (f) the Units being applied for will not breach or result in a breach of any exchange controls, fiscal, securities or other laws or regulations for the time being applicable to the Investor and the Investor is not a resident or national of any jurisdiction where the Application for or the Maturity of the Units is prohibited by any law or regulation or where compliance with the relevant laws or regulations would require filing or other action by the Issuer or any of its related bodies corporate;
- (g) the Investor acknowledges that the section in the PDS entitled "Taxation Summary" is provided only for the benefit of the Issuer and is necessarily general in nature and does not take into account the specific taxation circumstances of each Investor. The Investor acknowledges that it has sought its own independent advice on the taxation implications relevant to their own circumstances before making an investment decision;
- (h) the Investor has the power to enter into and perform its obligations under the Terms, and that its obligations under the Terms constitute valid and binding obligations of the Investor.

12.2 Superannuation Funds and Trusts

By signing the Application Form and lodging it with your Financial Adviser or Approved Adviser Group, an Investor which is the trustee of a trust or fund ("Fund") (including, without limitation, one which is a regulated superannuation fund (as that term is defined in the Superannuation Industry (Supervision) Act 1993 (SIS Act) ("Governing Rules")) also represents and warrants to the Issuer (as a continuing representation and warranty) that:

- (a) the Fund has been validly constituted (and where necessary, the relevant documents have been duly stamped according to the laws of the relevant state or territory) and the Fund is continuing as at the date of this agreement;
- (b) where the trustee is a body corporate, the trustee has been validly constituted;
- (c) the trustee has been, and still is, properly appointed as trustee of the Fund and the trustee is not in breach of the trust;

- (d) the terms of the Governing Rules or the constitution for other trusts empower and authorise the trustee (i) to invest in the Units; and (ii) to enter into and be bound by the Deferred Purchase Agreement;
- (e) the terms of the Governing Rules or constitution do not restrict the right of the trustee to be fully indemnified out of the assets of the Fund to satisfy a liability to any party which is properly incurred by the trustee as trustee of the Fund under the Units;
- (f) investing in Units will be for the benefit and in the best interests of the Fund and its beneficiaries; and
- (g) if investing as joint trustees, each applicant declares that the applicants are all trustees of one Fund and there are no other trustees of the Fund and that each joint trustee has the authority to act as agent for all of the joint trustees to give instructions or to receive notices on behalf of all of the joint trustees.

13. SET OFF RIGHTS

- (a) All monetary obligations imposed on the Investor under these Terms are absolute, free of any right to counterclaim or set off and may only be satisfied once the payment has cleared.
- (b) The Issuer may at any time (including without limitation during the Investment Term or at Maturity) set off any amount payable to it by the Investor against any amount payable by the Issuer to the Investor. The Issuer may withhold any amount payable by it to the Investor in satisfaction of any amount payable to it by the Investor.

14. NOTICES

- (a) Any notice or statement to be given or demand to be made on the Investor under these Terms:
 - (i) will be effectively signed on behalf of the Issuer if it is executed by the Issuer, any of its officers, its solicitor or its attorney;
 - (ii) may be served by being delivered personally to, by being left at, by being e-mailed to, or by being posted in a prepaid envelope or wrapper to the Investor's address (or e-mail address) notified to the Issuer or the Investor's registered office, place of business, or residence last known to the Issuer, or by being sent to the Investor by facsimile transmission;
 - (iii) may be posted on the Issuer's website or an announcement made in an Australian newspaper with national coverage, if providing notice in such a manner is allowed by the Corporations Act or any ASIC policy.
- (b) A demand or notice if:
 - (i) posted will be deemed served two Business Days after posting;
 - (ii) sent by facsimile or electronic transmission will be deemed served on conclusion of transmission;
 - (iii) posted on a website or published in a newspaper will be given the date of posting or publishing.
- (c) Service by any of these methods will be valid and effectual even if the Investor does not receive the document or if the document is returned to the Issuer unclaimed.

15. AMENDMENT OF TERMS

The Issuer may, from time to time, by notice sent to the Investor make any modification, variation, alteration or deletion of, or addition to these Terms ("Change") where:

- (a) the Change is one reasonably determined by the Issuer as being required under either of clauses 6 or 7 of these Terms, provided that the Change is not unfair (as defined in Section 12BG of the ASIC Act);
- (b) the Change is necessary or desirable in the reasonable opinion of the Issuer to comply with any statutory or other requirement of law; or
- (c) the Change is desirable to correct an inconsistency or error in these Terms (but only if such Change is not unfair (as defined in section 12BG of the ASIC Act)).

The Issuer will give the Investor notice of any Change to these Terms and the Investor will be bound by any such Change at the time the Investor is given such notice.

16. GENERAL PROVISIONS

16.1 Currency

All amounts payable by either party under these Terms will be paid in the denomination specified in the Term Sheet. All calculations will be performed in the currency specified as the "Denomination" in the Term Sheet.

16.2 No merger

The Issuer's rights under these Terms are additional to and do not merge with or affect and are not affected by any mortgage, charge or other encumbrance held by the Issuer or any other obligation of the Investor to the Issuer, despite any rule of law or equity or any other statutory provision to the contrary.

16.3 Rounding

All calculations made by the Issuer for the purposes of these Terms will be made to not fewer than two decimal places. Other than as provided in these Terms, rounding of numbers will not occur until the final calculation of a relevant amount or number at which time the Investor's entitlements will be aggregated and that aggregate will be rounded so that all money amounts are rounded down to the nearest whole cent and all numbers of Delivery Assets are rounded down to the nearest whole number.

16.4 Certificates

Any document or thing required to be certified by the Investor or the Issuer must be certified by the Investor (if an individual) or a director, secretary or authorised officer of the Investor (if a company) or the Issuer, as the case requires, or in any other manner that the Issuer may approve.

16.5 Execution by attorneys

Each attorney executing an Application Form which binds the Investor to these Terms states that he, she or it has no notice of revocation or suspension of the power of attorney under which the attorney executes that form.

16.6 Appointment as agent

The Investor irrevocably appoints the Issuer, its related bodies corporate, its attorneys and its nominees and any of their directors, secretaries and officers whose title includes the word "director" from time to time jointly and severally as agent of the Investor to do (either in the name of the Investor or the agent):

- (a) all acts and things that the Investor is obliged to do under these Terms or any other agreement or arrangements between the Investor and the Issuer relating to the Units (including arranging physical delivery of the Delivery Assets or acting in accordance with the Agency Sale Arrangement);
- (b) everything necessary or expedient to bind the Investor to the Terms, including completing any blanks in the Terms and dating and executing the Terms and any other documents necessary to effect the sale and purchase of Units on behalf of the Investor;
- (c) anything which, in the opinion of the Issuer, is necessary or desirable in connection with the Delivery Assets or the protection of the Issuer's interests or the exercise of the rights, powers and remedies of the Issuer, including without limitation the authority to sell the Delivery Assets on behalf of the Investor in accordance with clause 5.4(b); or
- (d) anything incidental or necessary in relation the above (including, but not limited to, completing any blanks in the Application Form and appointing any person as sub-attorney to do any of the above).

The Investor indemnifies the agent against all claims, losses, damages and expenses suffered or incurred as a result of anything done in accordance with the above agency appointment.

16.7 Invalid or unenforceable provisions

If a provision of these Terms is invalid or unenforceable in a jurisdiction, it is to be read down or severed in that jurisdiction to the extent of the invalidity or unenforceability, and that fact does not affect the validity or enforceability of that provision in another jurisdiction or the remaining provisions.

16.8 Waiver and exercise of rights

A single or partial exercise of a right by the Issuer does not preclude another exercise or attempted exercise of that right or the exercise of another right by the Issuer. Failure by the Issuer to exercise or delay in exercising a right does not prevent its exercise or operate as a waiver.

16.9 Assignment and transfer of interests

- (a) The Issuer may transfer its rights and obligations, under these Terms at any time by giving notice to the holder of the Units, provided that the transfer is not to the detriment of the Investor, and is not otherwise unfair (as defined in Section 12BG of the ASIC Act).
- (b) Subject to meeting any requirements and providing any information the Issuer may require, the rights and obligations under these Terms may be transferred or novated by an Investor with the prior consent of the Issuer.
- (c) When an Investor deals with a Unit in a manner that does not involve the transfer of legal ownership of the Unit, the Issuer has no duty to record the dealing on the Register. Each Beneficial Interest corresponding to a particular Unit will pass to a new Investor upon registration of a transfer of the Unit in the Register.

16.10 Recording conversations

The Investor acknowledges that conversations between the Investor and the Issuer (or any officer of the Issuer or an Approved Adviser Group) may be recorded. The Investor consents to the recording and its use (or any transcript of the recording) in any proceedings that may be commenced in connection with these Terms.

16.11 Calculations and references to dates and times

Calculations or determinations which are to be made on or by reference to a particular day are to be made on or by reference to that day in the place and time zone of the Relevant Exchange to which that calculation or determination relates.

16.12 Payments by the Issuer

All amounts payable by the Issuer under these Terms will be paid to the Investor's Settlement Account. If the Investor has not nominated a Settlement Account, payment will be made by the Issuer drawing a cheque made payable to the Investor which will be sent to the address recorded in the Register for that Investor, and on doing so the Issuer is discharged of its obligations under these Terms.

16.13 Governing law and jurisdiction

These Terms are governed by the laws of New South Wales. The Investor irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales and waives, without limitation, any claim or objection based on absence of jurisdiction or inconvenient forum.

16.14 Terms of the Deferred Purchase Agreement prevail

If there is an inconsistency between the Terms and conditions of the Deferred Purchase Agreement and statements made in the PDS, the Terms and conditions of the Deferred Purchase Agreement prevail.

16.15 Time is of the essence

Time is of the essence in respect of the obligations of the Investor under these Terms.

16.16 Discretions

Any determination made by the Issuer will be made in its sole discretion, acting in good faith and in a commercially reasonable manner and will be conclusive and binding on all parties, except in the case of manifest error.

Purchases during the General Offer Period must be made using an Application Form that will be included in a Supplementary PDS issued after the Initial Offer Period closes. A copy of the Supplementary PDS will be made available on the Issuer's website at www.ubs.com/equitysolutions.

You should read the PDS to ensure you understand the Terms, conditions and risks involved in investing in the UBS Callable Goals Units. This document does not take into account the financial situation and particular needs of each Investor, and nothing in the PDS is a recommendation by the Issuer or any other person concerning the Units, the Component Shares or the Delivery Assets. Investors should seek independent financial and taxation advice before making a decision whether to invest in the Units.

Arranging for your Approved Adviser Group to pay UBS

For Applications in the Initial Offer Period, you may arrange for your Approved Adviser Group to pay funds equalling your Total Payment Amount to the Issuer. This must be done in the period between when you lodge your Application and the Payment Date (inclusive). **If your Approved Adviser Group fails to make payment to the Issuer by the Payment Date, you will not be able to participate in the Initial Offer Period.**

Selling your Units early to the Issuer (Form B)

While the Units are designed as a “buy and hold” investment, if you wish to exit your investment in the Units you may request the Issuer to buy back your Units.

The Issuer intends to provide you with the opportunity to sell Units to the Issuer from time to time as specified in the PDS (generally the last Trading Day of each week commencing on and from 8 May 2015). To request a sale of your Units to the Issuer:

If the Issuer accepts, then your Units will be sold to the Issuer and the Issuer will pay to you a Buy-Back Price determined by the Issuer in its absolute discretion. You will not be entitled to receive the Delivery Parcel on the sale of your Units.
- c. The Issuer will arrange for your name and details to be removed from the Register and you will receive confirmation that the Issuer accepted the request to buy back the Units, and the actual Buy-Back Price at which your Units were sold.

Sales must be made using the Investor Sale Form included in this PDS.
