Periodic Payment Amount: A fixed amount set by the Issuer on the Strike Date. The issue of a Series will not proceed if the Periodic Payment Amount is not greater than or equal to the Minimum Periodic Payment Amount for that Series.

Please refer to page 5 of the Master PDS for a list of factors that the Issuer will take into account when determining the Periodic Payment Amount on the Strike Date.

As an indication, if the product had been issued at the date of this Term Sheet, the Periodic Payment Amount would have been:

Series CG87R (AUD): A\$0.0225
Series CG87R (USD): US\$0.02125

Minimum Periodic Payment Amount: Series CG87R (AUD): A\$0.0225
Series CG87R (USD): US\$0.02125

If the Periodic Payment Amount is not greater than or equal to the Minimum Periodic Payment Amount for that Series, the Units in that Series will not be issued and the Issuer will return the application monies to Applicants without interest within five Business Days after the Strike Date.

The sum of the Minimum Periodic Payments per Unit over a one year term would be as follows (although please note that the Investment Term is 3 years):

Series CG87R (AUD): A\$0.0900
Series CG87R (USD): US\$0.0850

Final Maturity Return Amount: Not applicable

Minimum Final Maturity Return Amount: Not applicable

Final Value: Assuming a Call Event does not occur on or before the Final Maturity Date, the Final Value per Unit will be determined as follows:

(a) If a Kick-In Event has not occurred

Final Value per Unit = \$1.00

(b) If a Kick-In Event has occurred because the Closing Level of at least one Reference Asset on the Final Maturity Date is at or below its Starting Level

Final Value per Unit = \$1.00 x Closing Level (w) ÷ Starting Level (w)

where Starting Level (w) is the Starting Level of the Lowest Performing Reference Asset and Closing Level (w) is the Closing Level of the Lowest Performing Reference Asset on the Final Maturity Date.

Lowest Performing Reference Asset: The Lowest Performing Reference Asset will be the Reference Asset that gives the smallest positive or the largest negative value from the following calculation:

$$\frac{\text{Closing Level for Reference Asset on Final Maturity Date} - \text{Starting Level for Reference Asset}}{\text{Starting Level for Reference Asset}}$$

Delivery at Maturity: Units are physically settled. The aggregate Final Value of Units held at Maturity will be delivered following Maturity in the form of a Delivery Parcel composed of the Delivery Assets.

Delivery Asset: Ordinary fully paid shares in Australia and New Zealand Banking Group Limited (Bloomberg Code: **ANZ AT**)

Australia and New Zealand Banking Group Limited (ANZ) provides a range of banking and financial products and services to retail, small business, corporate and institutional clients. ANZ operates in Australia, New Zealand, Asia Pacific region, the United Kingdom and the United States. ANZ main business divisions consist of Retail, Corporate and Commercial Banking, Global Wealth and International and Institutional Banking Division. For more information, go to www.anz.com

Note: That in certain circumstances the Delivery Asset can be substituted by the Issuer. Please see page 36 of the Master PDS for further information.

Delivery Parcel: The Delivery Parcel is the number of Delivery Assets to be delivered by the Issuer to you on the Settlement Date as determined by the following formula:

(a) following the Final Maturity Date:

$$\frac{[(\text{Final Value per Unit (converted to AUD (for Series where the Denomination is not AUD) at the exchange rate determined by the Issuer}) \times \text{number of Units held}) - \text{Applicable Costs \& Taxes}]}{\text{Average Price for the Delivery Assets}}$$

or

(b) following an Early Maturity Event (including a Call Event):

$$\frac{[(\text{Early Maturity Value per Unit (converted to AUD (for Series where the Denomination is not AUD) at the exchange rate determined by the Issuer}) \times \text{number of Units held}) - \text{Applicable Costs \& Taxes}]}{\text{Average Price for the Delivery Assets}}$$

Adviser Group Fee: The fee, expressed as a percentage of your Total Payment Amount, specified in your Application Form, up to a maximum of 4.00% (inclusive of GST) of the Total Payment Amount.

Where permitted by law and where specifically authorised by you in your Application Form, the Issuer may collect from you an Adviser Group Fee ranging from 0% to 4.00% of the Total Payment Amount (inclusive of GST) and pay it to the Approved Adviser Group specified in your Application Form, on your behalf.

Where authorised by you, the Approved Adviser Group may then hold the amount in respect of the Adviser Group Fee on trust and pay to your Financial Adviser all or part of that amount, as disclosed to you by your Financial Adviser in the statement of advice or financial services guide relevant to the financial services they provide to you in respect of the Units or as otherwise disclosed to you by your Financial Adviser.

No Listing: UBS Callable Goals will not be listed or displayed on any securities exchange.

Risk Factors: See Section 7—“Risk Factors” on page 39 of the Master PDS for risks related to an investment in the Units.

Additional terms: The definition of "Business Day" in Section 13–Glossary of the Master PDS is replaced with:

"**Business Day**" means a day on which banks are open for business in Sydney for the AUD Series and Sydney and New York for the USD Series, but does not include a Saturday, Sunday or public holiday.

Tax and Regulatory Risk – the section titled "US tax considerations" on page 45 of the Master PDS is deleted and replaced with the following:

Section 871(m)

A 30% withholding tax (which may be reduced by an applicable income tax treaty) is imposed on certain "dividend equivalents" paid or deemed paid to a non-U.S. holder with respect to a "specified equity-linked instrument" that references one or more dividend-paying U.S. equity securities. The withholding tax can apply even if the instrument does not provide for payments that reference dividends. Treasury regulations provide that the withholding tax applies to all dividend equivalents paid or deemed paid on specified equity-linked instruments issued after 2016. However, on December 2, 2016, the U.S. Internal Revenue Service ("IRS") issued Notice 2016-76, which states that the Treasury Department and the IRS intend to amend the applicability dates of the Treasury regulations to provide that the withholding tax will apply to all dividend equivalents paid or deemed paid on specified equity-linked instruments that have a delta of one ("delta one specified equity-linked instruments") issued after 2016 and to all dividend equivalents paid or deemed paid on all other specified equity-linked instruments issued after 2017. **We have determined that the Units are not delta one specified equity-linked instruments and, therefore, will not be subject to withholding on dividend equivalent payments.** It is possible, however, that your Units could be deemed to be reissued for tax purposes upon the occurrence of certain events affecting the underlying asset or your Units, and following such occurrence your Units could be treated as delta one specified equity-linked instruments that are subject to withholding on dividend equivalent payments. It is also possible that withholding tax or other Section 871(m) tax could apply to the Units under these rules if a non-U.S. holder enters, or has entered, into certain other transactions in respect of the underlying asset. **A non-U.S. holder that enters, or has entered, into other transactions in respect of the underlying asset should consult its own tax advisor regarding the application of Section 871(m) to its Units in the context of its other transactions. If withholding is required, we (or the applicable paying agent) will withhold and will not pay any additional amounts with respect to any taxes withheld.**

Nothing in the Master PDS or this Term Sheet is a recommendation by UBSIA or any of its Affiliates in relation to the UBS Callable Goals, the Delivery Assets, any Reference Assets or the securities or components that make up the Reference Assets. You should reach an investment decision only after carefully considering, with your financial and taxation advisers, the suitability of the UBS Callable Goals in light of your particular financial, legal and taxation circumstances, objectives and needs.

The Issuer and its Affiliates do not accept any liability or responsibility for, and makes no representation or warranty, whether express or implied, as to the future performance of the Delivery Assets or Reference Assets or as to the future performance of assets, dividends or other distributions paid in respect of the Delivery Assets in this Term Sheet, the Master PDS or in any offer or invitation to purchase, sell or issue Units. You should not take the historical prices of any Reference Asset or Delivery Asset as an indication of future performance.

The Issuer is a wholly owned subsidiary of UBS AG. UBS Group AG is the ultimate holding company of the Issuer. The obligations of the Issuer to pay sums and to deliver amounts and assets (including the Delivery Parcel) in respect of the Units are guaranteed by the Guarantor subject to certain qualifications—see Section 9 of the Master PDS for further details on the Guarantee. The Issuer is not an Authorised Deposit-Taking Institution under the Banking Act 1959 (Cth). The obligations of the Issuer under the Units and the Guarantor under the Guarantee do not represent deposit obligations of the Issuer or the Guarantor and will not be covered by the depositor protection provisions set out in Division 2 of the Banking Act 1959 (Cth), as these provisions do not apply to the Issuer or the Guarantor.

UBS disclosure of interests

The Issuer and its Affiliates may conduct transactions as principal or agent in various securities including the Delivery Asset and the Reference Assets or the securities or components that make up the Reference Assets. These trading activities may affect (positively or negatively) the value or liquidity of the Delivery Asset, the Reference Assets or the securities or components that make up the Reference Assets, and may therefore affect the return you receive on Units.

The Issuer has powers to make adjustments to the Terms of the Units, including the termination of the Units pursuant to an Early Maturity Event, which may or may not depend on the Issuer's determination as to whether it would incur a materially increased cost to maintain or unwind its hedge positions or is unable to maintain or unwind its hedging positions. As these powers and determinations by the Issuer may affect the values of the Units, a conflict of interest may arise if the Issuer needs to make such determinations.
